## MURDEROUS MEXICAN CHIEFTAIN WILL ANSWER TO UNCLE SAM

### PRICE PLACED ON VILLA'S HEAD

#### WATCHFUL WAITING DISCARDED BY PRES. TIME TO INTERFERE

(BULLETIN)

Washington, March 10—President Wilson today ordered American troops over the Mexican border to capture or kill the Villa bandits who yesterday raided Columbus, New Mexico.

(BULLETIN)

Washington, March 10—In its present stage the president's order does not mean armed intervention in Mexico. It provides for a punitive expedition to deal with lawless forces over which Carranza government has no control.

The following statement was issued at the White House: "An adequate force will be sent at once in pursuit of Villa with the single object of capturing him and putting a stop to his forays. This can be done and will be done in entirely friendly aid of the constitutional authorities in Mexico and with respect for the sovereignty of that republic."

(BULLETIN)

Washington, March 10—Senator Fall also introduced his resolution providing for the recruiting of 500,000 volunteers to police Mexico.

(BULLETIN)

Washington, March 10—Major General Scott, chief of staff of the army, announced that the expedition would consist of not less than five thousand men, all of which are available on the border under Major General Funston.

Washington, March 10—It was said that the

#### STEEL TRUST HEAD IN LAW'S CLUTCHES

Judge E. H. Gary.

Fifteen obscure men—farmers, blacksmiths, carpenters and tradesmen—led by the prosecutor of Mahoning county, Ohio, set off a bomb in the industrial and financial world when they indicted Judge E. H. Gary, head of the steel trust. The indictments charge Gary, the U. S. Steel Corporation, one of its subsidiaries and four independent steel concerns, with conspiring to fix the wages of labor and to fix the price of iron and steel products in Mahoning county in violation of the Valentine anti-trust law. Judge Gary characterizes the action of the jury as an "outrage and a travesty."

pursuit of Villa will be undertaken in a comprehensive way and organized plans will be laid for his apprehension.

Officials received word of the decision to go after Villa with troops with undisguised satisfaction. Cabinet members expressed themselves as greatly pleased. Army officers voiced unanimous approval. A general feeling of relief that the administration had finally decided to take the step was apparent.

The president himself is firmly convinced of the necessity of eliminating Villa from the Mexican situation. He is represented as just determined to oust Villa as he was to oust Victoriano Huerta.

The announcement of the intention of the president to send troops into Mexico was accompanied by scenes not equalled by those at the White House since the determination to send the Atlantic fleet to Vera Cruz in 1914.

Pains were taken by officials to point out their hope that General Carranza would realize the spirit in which the American troops were being sent after Villa.

Carranza will be notified immediately that the United States has no intention of taking any Mexican territory whatever and respects fully the sovereignty of that nation.

American officials realize that Carranza may have difficulty in consenting to the presence of American soldiers on Mexican soil because of popular feeling in his country.

Carranza himself, however, is believed to be so eager for Villa's capture that he may co-operate with the American troops.

At the cabinet meeting the situation discussed was brief and to the point. The cabinet unanimously agreed that the only thing to do was to send troops.

President Wilson took the same position and at once instructed Secretary Baker to issue the necessary orders. He also instructed Secretary Lansing to inform General Carranza of the attitude of

#### IRISHMEN TO WEAR SHAMROCKS FROM JAPAN

New York, March 10.—Irishmen in this city and vicinity will be wearing on St. Patrick's Day, imitation Shamrocks manufactured in Japan, instead of in Germany, if a shipment of crepe paper shamrocks from Tokio, which has arrived here is admitted by the customs authorities. The invoice has been held up on the ground that the shamrocks under valued the Oriental imitation now of the Irish national emblem.

In former years most of the paper shamrocks came from Germany, but this year the war shut off the German supply.

#### VILLA VICTIM OHIO BOY

Columbus, O., March 10.—Dr. Harry Hart, one of the civilians reported killed yesterday at Columbus, N. M., by Villa bandits, was a son of Maurice Hart, an ice cream manufacturer of this city. He was a graduate of Ohio State University, and was the inspector in charge of the Arizona-New Mexico territory for the bureau of animal industry, United States Department of Agriculture.

#### Germans Capture Ablain Wood

Berlin, March 10.—Capture of the Ablain wood was announced today by German army headquarters. It was stated that the French had regained a foothold in the fort of Vaux.

#### PORTUGAL SAYS WAR

Paris, March 10.—The Portuguese legation announces that a state of war exists between the Portuguese Republic and the German Empire as from six o'clock last night.

#### STEEL ORDERS SMASH ALL RECORDS

New York, March 10.—The monthly statement of the unfilled orders of the U. S. Steel Corporation issued today broke all records. The orders stood on Feb. 29, at \$568,966 tons, an increase of 646,199 tons over January 31, and comparing with \$489,718 tons, December 31, 1906, the previous high record.

#### Resolution of Congressman Rings Loud With Patriotism

Washington, March 10.—Senator McCumber, Republican, of North Dakota, introduced a resolution in the senate today providing that congress shall direct the president to immediately send an armed force into Mexico "to hunt and destroy" murdering bands guilty of atrocities against American citizens.

The McCumber resolution declares that: "Whereas, this government, actuated by a most earnest desire to refrain from interference in the internal affairs of Mexico has exhausted every possible effort to prevent the recurrence of atrocities and secure redress for the wrongs inflicted upon its citizens; and

"Whereas, such efforts have been worse than fruitless, and the failure of this government to exert its active powers to protect the lives and property of its citizens, has emboldened and encouraged these bandits to the commission of further atrocities against our people; and

"Whereas, on the ninth day of March, 1916, a band of these Mexican marauders, under the command and by the direction of their leader, Francisco Villa, actually invaded American territory and in the dead of night massacred twenty-three American men and women, in the city of Columbus, New Mexico; and

"Whereas, there is no government whatever in Mexico capable of punishing these atrocious acts or to protect American lives; and

"Whereas, these brutalities, culminating in the invasion of our own soil and the massacre of our people, can no longer be borne,

"Now, therefore, be it resolved by the congress of the United States that the president be, and he is hereby directed, to send into Mexico a sufficient force to hunt down and destroy these murdering bands and punish all those guilty of these atrocities against our citizens wherever they may be found. And the president is authorized to use any force necessary to carry into effect this purpose or to overcome any opposition from any source in Mexico to prevent its accomplishment."

#### VILLA LONG PLANNED TO ATTACK UNITED STATES

Columbus, N. M., March 10.—Papers dropped by Villa in his flight after his attack on Columbus yesterday revealed, it became known today, that he had decided last October to wage warfare against Americans.

This step, according to Villa's personal documents, was taken immediately following recognition by the United States of the Carranza defacto government and began with the institution of Villa's campaign in Sonora, which ended disastrously at Agua Prieta on November 20.

Among the papers found was what was purported to be an agreement between Villa and Mexican residents of Colonia Morelos, near El Tigre, Sonora, pledging mutual support in an effort to oust Mexicans and other Americans, confiscate their property and operate their mines and farms.

The citizens according to the alleged agreement promised to take up arms with Villa to gain this end. Villa was to furnish the Mexicans of the district with live stock, to be delivered by April, 1916, "after he had overthrown Carranza and established himself as supreme chief in Mexico."

Another of the papers acknowledged receipt of \$25,000 in gold from the Consolidated Cananea Copper company at Naco, Sonora, shortly after Villa's retreat from Agua Prieta. The receipt credited the money to export duties on copper ores from Cananea, but a notation showed that the money really was paid for the lives of three Americans held as prisoners and who, at the time, were reported to have been marked for execution.

#### Carranza Is Willing

Columbus, New Mexico, March 10.—Carranza authorities according to official reports from Juarez will not object to the entry of American troops into Mexico to attack Villa.

Messages have been received here stating that Carranza cavalry had left Guzman to attack the bandit chief in the rear, with the expectation that American troops with whom they already supposed had crossed the border to attack him.

Paris, March 10.—The situation at Verdun is regarded as much better, from the French viewpoint, as a result of yesterday's fighting. The public is greatly cheered by reports of successful resistance on the part of the defenders of the fortress. Notwithstanding an enormous expenditure of ammunition and untold sacrifice of life the Germans have failed to bend, much less break the blue line.

The inference drawn by the general public is that the German wave has advanced as far as is in its power without further wastage on a large scale which the German general staff hesitates to make.

Exhausted by three days of violent efforts, the assailants called a halt rest to replenish the depleted ranks of infantry.

The French took advantage of the respite to sweep out the Germans still remaining in Corbeaux woods and in this effort were almost successful.

The removal of heavy fighting east of the Meuse attended by a series of assaults on Douaumont has centered interest once more on this portion of the front.

In the Wever the Germans did not attempt to pursue their actions further.

The great successes in battles up to the present have been gained by means of violent shocks delivered by fresh and especially prepared masses of infantry and have generally been achieved rapidly. Of such a character was the German attack on Verdun which smashed itself against the French defenses on Feb. 26.

Not often in the long battle have the French infantrymen had the order to advance. When they did receive it they showed that their offensive spirit had lost nothing by being held in. They had such opportunities on Wednesday and Thursday in

#### PALL BEARER IS ARRESTED FOR MURDER

Wilmington, Del., March 10.—Williams Handsber, 26 years old, was arrested last night, charged with the murder of Percy G. Mattson, aged 30, whose body was found in the Christina river on Tuesday. Handsber boarded with the Mattsons and was a pull-bearer at Mattson's funeral yesterday. His arrest followed a statement made to Chief of Police Blackby by Mrs. Mattson, that Handsber had kept her under his power and she was afraid to tell of the crime until after the funeral. Handsber denied the murder and the police are investigating the woman's story.

## "The Christian Home" Was Subject Of Mission Sermon

The Holy Name Mission, which is now in progress at Holy Redeemer church, and which is under the spiritual direction of Father Alexander, spoke upon the subject of "The Christian Home." Never in the history of Holy Redeemer parish, as well as non-Catholic, who sit spell-bound under the influence of the eloquent clergyman's powerful preaching, has there been such a powerful plea for the Christian home. In the eyes of the clergyman, the home is a place in society, state and church as the fountain head, propagator and fortress of human happiness was clearly established.

Attention as to the best means to remedy this national plague. A generous invitation is therefore extended to every citizen of this city to hear Father Alexander on the subject of the "Evils of Intemperance." Services begin promptly at 7 p. m. Mass at 4:30 a. m., to accommodate workmen. Rev. Fathers Carey and Richter will assist in hearing confession this evening. Religious articles, consisting of prayer-books, crucifixes, rosaries, Bibles, may be secured in the baptistry. The mission is open to all women as well as men.

The following is a brief synopsis of the masterful discourse: "Home was intended by God to be a source of all human happiness, yet many homes are unhappy. Why? Because they who constitute the home do not recognize the principles on which the home life is based. All life is ruled by correlative principles of right and duty. This is true of home as of business and social life outside. Home is a firm established by God for the production of happiness. There are three members of the firm, and each must work not for individual happiness, but for the happiness of the firm. In other words, happiness in the home comes not from the assertion of rights, but the fulfillment of duty.

"The three elements of the home are father, mother and child. Each has rights, and each duty. If each fulfills his or her duty, the rights follow automatically. The happiness of one depends upon the usefulness of the others.

"The father is the head of the home, wage-earner and law-maker. His rights are limited by the rights of the others. He may not rob the others of their happiness by injustice, brutality and bad example. He is bound to make just laws for the ruling of the home, and the children must obey these laws as long as they are under his roof.

"The mother is the heart of the home, and through her mother love and self-denial she pumps the warm blood of happiness through every artery of the home. She must, however, be a real mother. The woman who shirks her home duties for society, bridge parties and dances can not be happy.

In Alabama, Capt. James W. Smith left Friday for Alabama, where he will spend several weeks in the interest of the Hawes Lumber Company.

## FINAL AVERAGES

Final averages in the boy scout basketball league. Some fine records were made by players in the boy scout basketball league which came to a close on last Saturday. The Tigers, who won pennant honors in the league won nine games during the season, and only lost 3.

We give the scores below:  
Tigers 9, Covenanters 14.  
Tigers 15, East End 19.  
Tigers 38, Eagles 9.  
Tigers 25, Covenanters 18.  
Tigers 20, East End 24.  
Tigers 23, Eagles 16.  
Tigers 15, Covenanters 6.  
Tigers 26, East End 19.  
Tigers 16, Eagles 12.  
Tigers 36, Covenanters 22.  
Tigers 21, East End 19.  
Tigers 18, Eagles 14.

The Tigers are undoubtedly the strongest basketball team ever developed in boy scout athletics, and that is saying a good deal, for since the winter of 1912 some fine teams have represented the scout organization. The Tiger aggregation scored 123 field goals, and 16 foul goals in these 12 games, for a total of 262 points; certainly some proud record.

The team is to banquet in the very near future, at which time the pennant which is the gift of Henry Roth, Chillicothe street sporting goods man, will be presented to the team.

The Tigers will also battle hard on the coming Saturday to win the city championship, and expect to get into the final games with but little trouble. It is in the final series they are expecting their hard battles, and they are getting in tip-top shape for this important series of games.

We give below all the records of the past season in the boy scout basketball league:

# FUNERAL OF LATE JUDGE BANNON TO BE HELD SOME TIME MONDAY

"We arrived safely in Albuquerque, New Mexico, last night and will go direct from here to Chicago. Will then use the Big Four to Cincinnati and if all connections are made, will arrive in Portsmouth Saturday night on the late N. & W. train."

The above message was received Friday morning by Attorney Henry T. Bannon from Attorney Arthur H. Bannon, who is accompanying the remains of his father, the late Judge James W. Bannon, back to his old home in Portsmouth.

Mrs. Bannon and daughter, Miss Charlotte Bannon, who were with Judge Bannon when he passed away in Los Angeles, are also with the body.

Members of the Bannon family announced here today that the funeral services would be held Monday from the J. W. Bannon home, on the Hilltop, but no definite hour would be fixed until Saturday.

The last rites of Judge Bannon will be in charge of the Rev. J. C. Jackson, district superintendent of the Chillicothe Methodist District, and a former pastor of Bigelow M. E. church. He will be assisted by the Rev. C. E. Chandler, present pastor of Bigelow. Burial will be in Greenlawn.

Mrs. J. H. Morfin, of Ann Arbor, Mich., sister of Mrs. James W. Bannon, arrived today to attend the funeral services. Other out-of-town relatives and friends will arrive Saturday and Sunday.

## "OULJA" BOARDS TELL OF HOSEY GIRL'S FATE

New Boston citizens have somewhat revived interest in the Millbrook park lake mystery to their own satisfaction by restoring to the use of a Ouija board.

During a social gathering at a Rhodes avenue home a few nights ago such a board was brought into play. Its readings told that the missing hat of Miss Estella House and that he is at the present time in San Francisco, Cal. Certain employees of the Whitaker-Glessner Company's plant also had a Ouija board sitting one night this week and the results are said to have been exactly the same as those of the Rhodes avenue party.

## ARTIST RECITAL IS AN ENJOYABLE EVENT

A very artistic closing of the Artistic Concerts given under the auspices of the Ladies' Musicale was presented last evening by Miss Noreen Gorman, harpist, at the German Evangelical Sunday school auditorium. The stage was beautifully decorated with palms and flowers. The president, Mrs. James Pearce introduced the young musician. The program was beautifully rendered. The musician has a remarkable personality for one so young, is winning, dignified and her easy manner and surety add much to the pleasure of her work. Miss Gorman displays a wonderful technique and artistic temperament for one so young. Music lovers of Portsmouth were given a rare treat as harp solos are becoming very popular and are welcomed in the larger cities as an unusual change. The program follows:

Berches of a Waterfall... Thomas Tristesse... Lebano Mazurka... Schnecker Marguerite au Rouet. Hasselmanns Prelude—G minor... Hasselmanns Marionette... Tedeschi Priere... Hasselmanns Pollets... Hasselmanns Concert Walzer... Alberstatter

The Ladies' Musicale purposes continuing their coming concerts next year and are negotiating for the necessary artists. This is undertaken in the hope that the Ladies' Musicale may cultivate a love for better music, that we may uplift the standard of music in the community. It has been suggested that the name be changed from the Ladies' Musicale to the Portsmouth Musicale with a view of giving more individuality and in keeping with our progressive city, and the citizens should be interested in this highly educational branch, and pleased to see some of our citizens have availed themselves of this privilege, thus helping the Ladies' Musicale to stand on a firmer basis.

## More Brass Thieves Admit Their Guilt

Ralph Kelley and Sterling LeMaster, two East End young men who were arrested Friday noon by Detectives Reno and Leslie for alleged stealing brass from the round house at the Norfolk and Western terminals, were arraigned before Squire J. W. Byron, Friday afternoon and entered a plea of guilty. The court bound them over to the grand jury in the sum of \$200 each. In default of the bonds they were remanded to the county jail.

Within the past week the Norfolk and Western railway detectives have arrested seven prisoners for stealing brass.

### "The Golden Chance" At The Lyrio Tonight

The story of "The Golden Chance," tells of Mary Denby, the beautiful wife of the drunken, thieving Steve Denby, living in the slums of New York. It is easily seen that Mary is a girl of refinement and education and, in spite of their poverty, keeps herself and her house as neat as a pin.

Steve spends all the money he can get on drink and finally

forces Mary, when the funds are exhausted, to seek employment.

In answer to a newspaper advertisement, Mary secures a position as seamstress in the home of a wealthy society woman, Mrs. Hillary. Mr. Hillary is a promoter and wishes to interest the young bachelor, Roger Manning, in a scheme which he is promoting. He invites him to a dinner party to meet a beautiful young woman. The beauty fails to appear. As a last resort Mrs. Hil-

lary dresses Mary in a stunning gown and has her take the place of the absent guest. Manning promptly falls head over heels in love with Mary, who conducts herself with great dignity and modesty, and he is about to become interested in Mr. Hillary's scheme when Steve Denby breaks into the Hillary house where both Manning and Mary are spending the week-end. Steve enters his wife's room and steals all the valuables. They recognize each other but Mary permits him to escape. In sneaking down the stairs Steve meets Manning. The house is aroused and while Manning is telephoning for the police, Mary induces the Hillarys to permit her husband to escape, rather than have Manning know that she is the wife of the prisoner.

The next morning Mary goes back to her tenement home and there Steve plans to blackmail the wealthy bachelor. He sends him a note which he forces Mary to

sign—to come to the tenement. When Manning arrives Steve and another crook attempt to force him to give them money. The two men attempt to shoot Manning when Manning's chauffeur, who is downstairs in the street below, hears the noise and calls the police. As the police enter, Denby shoots one of them and is in turn shot and killed as he attempts to climb up the fire escape. Though shocked at the death of her husband, Mary realizing her love for Manning, goes to his waiting arms.

Tomorrow "New York" "New York," the famous Broadway success by William Hurlbut. Florence Reed, the emotional actress who "weeps real tears," and who has only lately become a motion picture actress is featured. She is supported by four famous legitimate stars—John Milner, Fania Marinoff, Forrest Winnant and Jessie Ralph. George Fitzmaurice, producer of "Via Wireless" and "At Bay," has outdone himself in this, his latest effort.

As a social drama "New York" does not lack in proper atmosphere, for many of the scenes were taken in a famous "tango palace" of the "Great White Way." The story is well-knit and works up to its amazing climax in a powerful way. Perhaps the most remarkable feature of the picture is the convincing way in which the directors play up its enormously important "details."

The story concerns itself with Oliver King, a patrician who becomes interested in a chorus girl who "works" him. Learning her true character, he gives her up, but is thereafter blackmailed with a baby. Later the girl dies. King raises the child, a boy, but refuses to acknowledge his parenthood. He marries a girl who knows nothing of this incident. Wendell, the boy, now a young man, is expelled from college and takes up his residence at the former home of King's wife. He is visited by Mrs. King, and in a maudlin drunken state attacks her. In the struggle she kills him. The action from here on is thrilling. A 50c show for a dime tomorrow.

WHAT DOES IT MEAN  
TO HAVE  
YOUR EYES TESTED  
FOR GLASSES?

DOES IT MEAN HAV-  
ING EYES TREATED?

You answer "No," for they are not diseased; they need no medical attention. It is not this, what is it?  
The fitting of glasses is a mechanical process, pure and simple. It has to do with light and how it enters your eyes.  
It is the determining whether or not your eye balls are regular in shape, whether too long, too short, irregular in curve, etc.  
It is the measuring of their depths, their curves, their nerve supply, their muscle balance that the fitting of glasses have to do. Mechanical processes, every one.  
You will find our fitting room equipped with every instrument that a skilled refractologist requires in the taking of these measurements.  
You will find that our knowledge and experience in the optical business quality and enable us to make thorough and accurate "Eye Tests," the fitting of comfortable, becoming, "suitable to your requirements" glasses.  
We make no charge for examination and recommend glasses only when necessary.

## THE MARKETS

481, soon rose to 495. Sales of Anglo-French five's in large individual blocks at 94, a material concession from their recent best, featured the bond market.

Some hesitation resulting in all probability from the latest turn of affairs in Mexico, marked the outset of today's trading. Mexican petroleum declined two points and American Smelting was slightly lower, with fractional recessions in Baltimore and Ohio, New Haven and Central Leather. This was more than counterbalanced, however, by moderate advances elsewhere, notably in the recently active copper, Marine preferred and Baldwin Locomotive. Butte and Superior, with its regular and extra dividends of 103½ per cent was quoted at 95, a new high record. Texas company, selling Ex-rights to new stock, was quoted at 190. The market strengthened all around later.

Stocks pursued a contrary course later, seasoned shares shading, while Mexican issues strengthened materially. The closing was irregular.

Business has been less active in the wool market here during the past week. A fair business is reported, with sales ranging from three to four million pounds. Prices are generally firm and only defective short scored wools are really at all weak, although buyers are taking advantage of the weakness in London to talk down the market here. The primary markets are closing very firm as a rule. The situation at the mills is still very healthy and consumption continues

the American government. Leaders of both houses of congress were immediately notified from the White House of the president's action. They approved his course.

Before deciding finally to send the troops after Villa the president conferred over the telephone with Chairman Stone of the senate foreign relations committee, who told him he believed the sentiment of congress would solidly support his action.

It was considered possible that within a few days President Wilson might go before congress to recite the series of acts of Villa which led up to the ordering of troops to effect his capture. It was said at the White House that the president had not yet decided this point.

The president desires to move with the entire co-operation of congress.

When the Atlantic fleet went to Vera Cruz in 1914, congress, at the president's request passed a resolution authorizing him to use armed forces of the United States. No such action is considered necessary in the present situation at this stage. The administration holds that the president is fully vested by the constitution with authority to repel invasion and that there are ample precedents in international law for his action, especially in the dealings of the United States with Mexico.

Washington, D. C., March 10.—main in Mexico and continue aft. At the cabinet meeting the possi-er Villa. Had they done so re liability was considered that some foremenets probably would have Carranza followers would join been sent today.

Some officials suggest offering a reward for Villa's capture, but it was decided at once that the United States had better face the situation squarely and send troops to catch him.

The administration realized that the search for Villa may be long and difficult. Major General Funston, probably will direct the expedition if he does not actually lead it.

Guerrilla warfare is almost certain to result but the American soldiers will have orders to follow Villa no matter where he goes. The president is represented as very regretful over the necessity of sending troops into Mexico. He has constantly sought to avoid it but realized today, however, that Villa's last raid had put him entirely beyond the pale of civilization and that with the United States rested the duty of ending his depredation.

Representative Miller, of

Minnesota, told the house he questioned whether the Villa raiders could simply be regarded as marauders and whether the attack on Columbus did not assume proportions of almost a national incursion.

Representative Slayden expressed "indignation and horror at this great international crime."

The president may explain his action in sending troops across the Mexican border in a letter to Chairman Stone of the foreign relations committee.

Later today the house foreign affairs committee was called together at the request of the president and Chairman Flood explained why the president did not feel that it was necessary to ask the consent of congress before taking his action today.

### CARRANZA REFUSES

#### TO MAKE ANY COMMENT

Mexico City, Mex., March 10.—General Carranza does not care to make a statement in regard to the situation resulting from the raid on Columbus, N. M. A rigid censorship has been imposed. Newspapers are printing nothing of the raid and the public has not been advised of it.

### GETTING STAFF READY

#### FOR THE EXPEDITION

Washington, D. C., March 10.—This afternoon Secretary Baker called the general staff in session to perfect plans for the expedition. General Funston was asked for for any recommendations. It was indicated that movements would be made from several points on the border at the same time.

## \$10,000 DAMAGE SUIT FILED AS SEQUEL OF A COLLISION

An action to collect \$10,000 damages from the Interstate Transfer and Storage company was instituted in the court of common pleas Friday afternoon by Charles Marting, Sr., representing Charles Marting, Jr., through his attorneys, Milner, Miller and Searl.

The petition says that a Ford taxi cab driven by Oakley Reno ran into a machine driven by Charles Marting, Jr., at the corner of Waller and Gallia street on December 4, 1915, causing severe injuries to the plaintiff and great damage to the machine. It is further claimed that the damages to

the machine, which did not belong to the plaintiff were charged against the plaintiff and amounted \$141.35.

In concluding the document asks \$10,000 for alleged injuries sustained and damages to the automobile which the plaintiff was operating.

## Committee Meets Tonight

John F. Eckhart, chairman of the committee on ar-

rangements for the big Republican "Get Together" banquet, which will be held in Jackson, March 16, has called a special meeting of the committee for Friday evening, to meet at Anselm Skelton's offices, First National bank building. Final arrangements will be made for

the trip at this meeting.

The meeting was originally called for Saturday evening but owing to an urgent request from the Baltimore and Ohio railway to make definite plans for the special by Saturday morning the meeting was changed to tonight.

## French Civillians

(Continued From Page 1.)

Corbeaux wood. On Tuesday night the Germans held virtually the whole wood and an advance post had crossed the road into Cumieres wood from which it attacked the southwestern slopes of Goose Hill. Had the Germans advanced another 200 yards they would have come out on the main road from Cumieres to Forges and have cut the communications of the French force on the hill.

To prevent this French Infantrymen were brought out from the trenches shortly before midday of Wednesday. They advanced simultaneously on two sides. From their positions on Dead Man Hill they crossed the Bethincourt - Cumieres road, climbed the slope on the opposite side and entered the wood.

From the southwestern edge another strong attack was directed from Les Caurelles, about a mile further down the same road, against the Germans in Cumieres wood.

Until they reached the edge of the wood the losses of the attackers were slight.

In the wood a desperate fight took place. An officer of the light infantry said: "I had never seen my men go to the enemy with such fury. They cleared my section of the wood in less than an hour."

"At one point on the opposite edge of the wood a German machine gun was posted in a ditch protected by breastworks of fell-

ed trees. It poured a deadly fire into us. A sergeant and twenty men volunteered to drive out the enemy."

"Advancing by leaps and bounds from tree to tree, they got in among the Germans with bayonets. They took the gun and turned it about, starting a raking fire on the Germans. This did not last long for they soon jammed the gun in their enthusiasm."

By early afternoon virtually the whole wood was in the hands of the French. The Germans, however, prepared another onslaught. While reserves were being gathered behind Hill No. 285 artillery fire was concentrated on the reverse slopes of Goose Hill to prevent the bringing up of French supports.

### SOCIETY

Miss Sadie Hensley and Mr. Stanton Eldridge were united in marriage by Rev. S. Lundemeyer, at the pastor's home. The couple were accompanied by the father of the bride to his home in Huston Hollow. The bride was attired in a pretty blue serge suit and a jaunty hat. When they arrived home there was a large crowd to greet them. All were invited to the dining-room to partake of a fine chicken dinner, with an elegant wedding cake.

After the dinner was served the evening was spent in music and singing. The guests were Mr. and Mrs. Geo. Hensley, Mr. David Hensley, Miss Dasher Hensley, Mr. and Mrs. Colwell, Miss Emma Colwell, Rev. C. L. Diamond and wife, Rev. Geo. H. Belcher, Mr. Neal, Miss Edna Neal, Miss Alline McMullens, Miss Martha Hensley, Mr. Henry Sheets, Mr. McDorman, Mr. and Mrs. S. Horsey, Mr. and Mrs. J. Bollamy, Mr. T. Bellamy, Miss Mahel Bellamy, Mr. Wesley McMullens.

Miss Gladys Blair has gone to Greensboro, N. C., where she will take up special work in a college there.

Mrs. Frank B. Pratt of Chilli-cothe street was given a surprise party Wednesday evening in honor of her birthday anniversary. The out of town guests were Mrs. Willard Wilson, nee Edna Herrmann of Charleston, W. Va., Mrs. John Weik and Miss Elizabeth Berger of Ironton. Miss Berger is a sister of Mrs. Pratt. Supper was served at 9:30 o'clock. Mrs. Pratt received a number of beautiful presents.

Mrs. E. O. Martin and daughter, Ruth, have returned to their home in Findlay, O. They were called here by the death of her brother, Joseph Bard.

Miss Clara Gordon, of 1139 Eighth street, left for her home in Maloneton, Ky., Friday afternoon to spend Sunday with her parents, Mr. and Mrs. W. H. Gordon.

Miss Dorothy Devore, trained nurse, will return to her home in Parsons, Kansas Saturday evening. Miss Devore accompanied Mrs. Harry D. Jones to this city recently. Mrs. Jones is a sister of Frank, George, Martin, William and Miss Elizabeth Keller of this city who she expects to spend the summer in the hopes of regaining her health.

### SOUTHERN DRUG MERCHANT MAKES UNUSUAL STATEMENT

Great Business Losses Due to  
Neglect

W. WITHERS MILLER

President of the Palk-Miller Drug Company, Richmond, Va., is authority for the following extraordinary statement:

"I estimate that the business men of this country could increase their efficiency fully ten per cent by taking an occasional laxative and not neglecting the bowels as most of them do."

He also said that if the Department of Commerce in Washington would present each business man in the country with a box of Rexall Laxatives, it would be of great benefit to the national welfare. Rexall Laxatives are prompt in action, pleasant to take and never gripe, can be used by men, women or children, and are just the thing for toning up sluggish livers.

# "PIG PEN" ROMANCE HAS AFTERMATH IN DIVORCE SUIT FILED BY COLLINS

As a sequel to the incidents which followed the famous \$10,000 divorce suit filed against M. T. Stewart, ex-mayor of New Boston, November 12, 1912, by Benjamin Collins for alleged adultery at divers times with M. T. Stewart, the petition alleges that the couple were married February 28, 1899. To this union the following children were born: Lucy, 12, Grant 10 and Sherman 7. Since the civil action of 1912,

when the plaintiff secured judgment in the sum of \$250, the couple have been separated, according to the plaintiff's attorney.

The damage suit was a sensation, and resulted in the impeachment of M. T. Stewart, who was then mayor of New Boston by Governor James Cox.

According to the testimony introduced at the trial, which was held in January, 1913, the alleged "love scenes" occurred in the Stewart pig pen.

## BE PREPARED TO FIGHT

Nature is always fighting to keep us well. Under normal conditions the forces of health within our bodies keep the disease germs in subjection. They are not expelled entirely but they are kept harmless.

Some indiscretion in diet and the disposition is upset; overwork or worry perhaps disturbs the nervous system, the blood gets thin and the ever-present disease germs assert themselves. The blood fights the body's battles. Whenever a wound is received, whenever there is infection or inflammation, to that point the blood quickly carries the elements needed for repair—if it has them. But when the blood is thin and watery it lacks these elements itself.

Dr. Williams' Pink Pills are a tonic that supplies the blood with the elements needed to build up the tissues, to repair waste, to revitalize nerves, to stimulate digestive action, to burn up the poisons in the blood. In this way, by building up the blood, they are useful in rheumatism, neuralgia, sciatica, lumbago, neurasthenia, nervousness, St. Vitus' dance, and in anemia in many forms.

The freebook, "Building Up the Blood," tells all about the treatment. Send for copy today to the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

## HE FORGETS BUT SHE REMEMBERS

Wife Recalls Wonderful Remedy When This Man Had Failed

"My wife and I had been discussing Taniae for a long time," said Amos Hepzler, of 29 Schueller street, Dayton, O.

We were both attracted by the wonderful endorsements it had received. I had suffered from indigestion, constant dull headache, and bad circulation for nearly a year. Every morning I awoke with a coated tongue and bad taste in my mouth. I tired under small exertion, I was bilious and suffered from a general lassitude. In short, I was 'down and out.'

"I believe Taniae would be good in your case," said my wife at supper one evening. I didn't know whether it would or not, but decided to try it. However, I forgot. But not so my wife. The next night when I sat down to supper my wife had put a bottle of Taniae at my plate.

"I started taking it right then. Now Taniae is at my plate for every meal. I have taken two bottles and it has done wonders for me. My appetite is better than in years. The assimilation of my food is good. I have no more of the old, fierce headaches that even strong headache powders would not stop. I do not tire with a hard day's work. My entire system has been toned up and I know it.

"I am recommending Taniae because it does the work."

Mr. Hepzler is an attaché of the great Maxwell Motor Company plant, where scores of his fellow workers have noted the improvement in his condition.

Taniae now is being specially introduced in Portsmouth at Fisher & Streich's.

Taniae may now be obtained in Lucasville from Dr. J. H. Cox; at Rogers, Ky. from H. A. Kiff's drug store, in Fullerton, Ky., at S. M. Robinson's drug store, in Otway, Ohio, from J. R. Walsh, and in New Boston from the Co-burn drug store.

## MASONS HOLD MEETING

Ironton, O., March 10.—One of the most notable Masonic events of the tri-state region was that held last night at Russell, Ky., on the occasion of the official visit of the Most Worshipful Grand Master T. J. Adams, to Smith Lodge, No. 775, F. & A. M., and Mistletoe Chapter No. 144.

A communication of the former was opened in the afternoon, at which the first section of the Master-Mason degree was conferred upon Dr. J. A. Francis, of Russell. After an intermission for supper work was resumed at seven o'clock and the impressive and beautiful second section of the degree was received by the candidate, the work being beautifully exemplified by the degree team of Smith Lodge, assisted by the Most Worshipful Grand Master, who gave the charges and lectures in a most thorough and pleasing manner.

Representatives of the Masonic lodges of Catlettsburg, Ashland, Greenup and Ironton were in attendance.

## Waverly Sees A Boom In Coming Of New Railway

Waverly is expecting big things from the coming of the C. & O. Northern railway, according to the following from the Waverly Republican-Herald:

"Attorneys for the Chesapeake and Ohio Northern Railway inform us that the terminus of that great railroad system will be located here for at least seven years. That is the reason that the Norfolk and Western is making condemnations along its right of way. They need the increased trackage that will be necessary to care for the trains of coal that the other road will deliver to it here.

"The contract that the N. & W.

has with its men bars C. & O. crews from taking trains onto its tracks with a pilot. That means that full Norfolk crews will have to be stationed here to take the trains turned over to them. This will also be the layover point for the crews of the other road. But the best thing is the fact that the repair shops and repair men and inspectors will have to be stationed here, for no car can go from one road to the other until it has been thoroughly inspected and repaired if necessary.

"These additions to our laboring community will necessitate many more homes. Somebody had better get busy and erect some to take care of the demand that will arise when the C. & O. is completed."

Come Back To Peerless Mr. and Mrs. Chester Jones, former residents of this city, who moved to Wellston, O., have returned to the Peerless City, and are now located at 2440 Gallia street.

## Perhaps Your Backache Comes From Kidneys

Kidneys Often Run Down, Get Sluggish, Need Regulation. How To Tell

Not all backaches are kidney backaches, but many of them are and at the first sign of back pains, twinges or weakness in the kidney regions it is a good plan to use a good safe kidney regulator such as a little Solvax, as even two or three doses will often enable you to see right where your kidneys stand.

If the kidneys are all right Solvax won't do them a bit of harm and if they are weakened or run down it will do them a world of good. For Solvax acts directly on the sluggish kidneys and cleans and strengthens them so that almost immediately they begin to filter and sift out of your body all the clogged up poisonous impurities from the blood. Solvax usually will act in less than twenty-four hours and with the kidneys acting normally you should begin to feel better right away. Solvax is a guaranteed remedy for the ordered Kidneys in that Wurster Bros. and leading druggists everywhere, who sell it agree to return its price in any case if it does not give perfect satisfaction. There is no time like the present for doing a thing that ought to be done and if there is any doubt about the kidneys, today is the best time to find it out before serious trouble may begin.

in the Full Figure

The same lines—the same mould—the same smooth fitting over abdomen and hips—the same waist line—exactly the same model of proportion as in the regular average figure—is the result obtained when medium heavy and full figures wear Rengo Belt Reducing Corsets. And the garments will remain just as you buy them—they have the strength and scientific tailoring to mould your figure and not be moulded out of shape by wearing strain.

The principal reason for this great supporting strength is in the Rengo Belt tailored-in feature, now made famous by eight years of success. If this principle were not scientifically correct for stout and medium figures, Rengo Belt corsets would cease to exist, for it is the foundation of every garment of every model. Please note that the Rengo Belt adds no material weight or bulk, but multiplies the strength many times.

Boned throughout with double watch-spring steels—guaranteed not to rust. There are models with and without "Steeleastic" webbing.

## Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, weas, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, O. Office Phone 60.

Dear Miss Wise.—Is Abyssinia an English dependency?

BAROLD.  
No, the agreement of Dec. 31, 1906, between England, France and Italy cannot be construed as making Abyssinia a dependency of any of the signatories.

Dear Miss Wise.—Is it proper for a boy to enclose stamps when writing to a girl friend if he expects a reply? What would be a nice present for a boy to give a girl friend when she graduates?

JOE.  
No. It is supposed that if a girl cares to write she can afford to buy stamps herself. Books, flowers, candy or gloves make nice presents.

Dear Miss Wise.—Will you kindly tell me how to take ink stains out of our little girl's pink gingham dress? She spilled her ink well at school, and I fear the dress is ruined.

LYDIA.  
I don't know where you can get the book. In fact I did not know the horrible tragedy was shown in book form. The editor of the Peoples' Column of the Enquirer might be able to tell you.

Wash in a solution of hydrochloric acid, and rinse in ammonia water. Wet the spot with warm water, put on soap, rub gently between the hands and generally the spot will disappear.

Dear Miss Wise.—Could you tell me what gives a man the right to the title of "Honorable"? Is this title proper merely during tenure of office or during a lifetime?

IMPORTANT.  
The title of "Honorable" is used loosely in the United States, being given by courtesy to almost any one who holds or who has held an important public office. The title is especially bestowed upon members of congress, governors, state senators, judges of the higher courts and federal officials.

Dear Dolly.—I have a picture and it belongs to another party and she wants it back. While I have had it, it got greasy finger

marks on it by a child. Is there any way of removing them? They are on the card board.

ANXIOUS.  
Tell the owner of the photograph what happened and ask permission to have it remounted for her. A photographer can fix it so that it will look as good as new. A clean lead pencil eraser might remove the grease spots.

Dear Dolly.—I am a young man 23 years old and have never had a lady friend for the reason that I stammer. I am sure that a girl doesn't want to listen to a fellow trying to talk when he can't. I have in times past tried to get acquainted with some girls whom I thought were very nice young ladies. But after I had gone in their company a few times, they seemed not to care about my feelings and some have actually laughed at me, which made me feel very bad. I was invited to a surprise party not long ago, and I refused to go because I thought I was only invited to be made an object of amusement or a laughing stock. Since then I have never gone where there were any young people, and only a few times to church. I live a most secluded life and feel that I will never amount to very much because of my impediment. Will you kindly tell me how I can overcome my affliction in some other way than going to an institution, as I can't afford that.

YOUNG MAN.  
It will be hard to overcome the impediment in your speech while you are so sensitive. Although young people are cruel at times, they are not as bad as you believe them to be. Because some girls were rude enough to laugh at you is no sign all girls would be. I don't think you were invited to the party to be a laughing stock. Pleasure at the expense of another is painful and not to be indulged in on so festive an occasion. Go out among young people and realize that they are selfishly interested in themselves and do not lay much importance to your stammering. Instead of calling on girls, take them somewhere. At entertainments or at the picture show it would not be necessary for you to talk. The sooner you get over the idea that you are doomed to be a failure because of your impediment the better for you, because while you think that you cannot gain much self-assurance—the thing above all others that you need.

## SOCIETY

Miss Nora Withelma gave a delightful party last evening at her home on McConnell avenue, where she announced the engagement of Miss Mary Heutinger and Mr. W. L. Baker, city salesman for the Standard Supply Company. The guest list included thirty friends of the bride. The evening was spent in music. Fruit punch was served during the evening and at a late hour delicious ice cream and cake were served by the hostess, assisted by Miss C. P. Cissna and Miss Bess Smith. The announcement was made on cards with the names, Miss Mary Heutinger and Mr. W. L. Baker, and the wedding date March 22nd, written in lemon juice, the cards being held over a lighted candle to bring out the writing on the cards. Miss Heutinger was presented with a beautiful cluster of bride roses. She is an attractive young woman, daughter of Mr. and Mrs. Jacob Heutinger, of Second street. She recently resigned her position in the millinery department in Anderson's store to prepare for her marriage. Mr. Baker recently

came here from Lawrence county and is a young man of sterling traits.

Of local interest the Ironton Iron-tonian Friday morning said: "Mrs. John Abele and children left Thursday for Portsmouth, where Mr. Abele is employed. Until recently Mr. and Mrs. Abele resided on the Conrad Geewain farm.

"Mrs. John Chandler, who has been visiting her parents, Mr. and Mrs. C. L. Huffman, returned to her home in Portsmouth, Thursday.

"Elmore Orsfeifer, formerly of Portsmouth, who will reside with his uncle and aunt, Mr. and Mrs. E. L. McAnley, was a business visitor in Portsmouth, Thursday.

"Mrs. Orma Hunter and baby, who have been visiting her mother, Mrs. Lon McConnell, returned to her home in Portsmouth, Thursday.

"Mrs. Dancy Clark has as her guests Mrs. May Caimfax and Miss Laura Funk, of Portsmouth."

The Home League Club held an interesting meeting yesterday afternoon at the home of Mrs. J. F. Morris, on Highland avenue. There were sixteen members and three guests present. Mrs. J. N. Ellison and mother, Mrs. Chambers, of Brown county, and Mrs. Homer Fry, Mrs. Isabel Thomas gave a very interesting talk on "Baby Week."

During the social hour the hostess was assisted by Mrs. Fry, Misses Anna Morris and Dorothy Dowling, in serving ice cream, cake, coffee and mint. The favors were little green flags and the napkins were bordered with shamrocks in keeping with Saint Patrick's Day. The next meeting will be a winter picnic, to be held at the home of Mrs. G. T. Elliott, when noon luncheon will be followed by a Shakespearean play.

Meet Me At Nye's Fountain, 12th

The Mothers' Club bake sale will be held Saturday afternoon at Horchow's store, beginning at 1 o'clock. Mesdames Alma Jordan, Cotes Peckles and W. C. Ferguson are the committee in charge. There will be on sale home-made cakes, brown and white bread, nut bread, doughnuts, small cakes and salads.

Miss Noreen Gorman, young harpist of Dayton, was the guest of Miss Helen Glockner, of Second street, while here to present her program before the Ladies' Musical.

Miss Mame McGuire was hostess at last evening's meeting of the T. R. C. at her home on Chillicothe street. The members spent an enjoyable evening with their fancier work, after which dainty refreshments were served.

The Holmes Club will be entertained next Friday evening, March 17th, at the home of Miss Edna Strick, on Sixth street.

The meetings of the Wednesday Afternoon Sewing Club will be deferred until after Easter.

Mr. and Mrs. Walter Gissum, who accompanied the remains of a friend to Portsmouth a few days ago, left today for their home in Deam's Island, Arkansas.

Mr. and Mrs. William Tritschler, of Third street, had their baby daughter christened Ada Marie last evening at their home, where the guests were the relatives who reside in Portsmouth. Rev. S. Lindenberg, pastor of the German Evangelical church, officiated.

Miss Hattie McGhee, of Carter City, Ky., is the guest of Mrs. J. E. Menix, of 2297 Mahart Road.

BLISTERS BURNED ON CHILD'S SCALP

Would Itch. Formed Scales Which Caused Unightly Appearance, Child Very Cross and Fretful.

HEALED BY CUTICURA SOAP AND OINTMENT

"My little girl's scalp was affected with something like blisters and a thickening of the skin. At first it was a place about as large as a common pea and it would itch and burn and when scratched would run a watery fluid and from that would form scales which caused an unsightly appearance on her scalp. Her hair never grew any. She was very cross and fretful.

"Then I sent for a sample of Cuticura Soap and Ointment and the second application relieved the itching and burning so I purchased one box of Cuticura Soap and one box of ointment and they healed her." (Signed) Mrs. Charles Culman, 118 College St., Poplar Bluff, Mo., Aug. 18, 1915.

Sample Each Free by Mail With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

## The Movies

One of the Big Scenes in "Forbidden Fruit" at the Columbia Tonight and Tomorrow

Dramatically strong and point-of-view, "Forbidden Fruit" is a masterpiece of the Standard preferred photo-productions written and directed by Ivan Abramson, is one of extraordinary interest. "Forbidden Fruit" deals with a variation from the moral code, and the possible consequences, but sin is never shown in an alluring guise. On the contrary, the story dwells almost exclusively on the misery that may result from a misstep, however well intentioned the motive behind it. The story, aside from its moral value, is constructed in fitting fashion. Stress is laid on the strongest of the situation, and the scenes introducing such moments have been developed advantageously and with a keen perception of their value. The scenario builds to a strong climax which is ultimately followed by a happy ending brought about through the awakening of the husband.

Paula Shay and Everett Butterfield are the dual stars of the photo-drama, supported by an exceptionally strong cast including James Cagney, June Marlin, Minna Phillips, J. H. Lewis, and two clever youngsters, Kittens Richard and Walter Irving Gould.

This master film will be shown from 1:30 and tomorrow, starting each day at 1:30 and running continuously through the afternoon.

Try and come in the afternoon, and avoid the big rush in the evening, introducing such moments.

Children's Pictures, Columbia, Tomorrow Morning.

Beginning with tomorrow morning the Columbia will offer a special program for children every Saturday morning. This program will consist of comedy, scenic and travel pictures, studies of animals and birds and funny cartoons.

## CATARH CAUSED BY A GERM

Must Be Destroyed Before Catarrh Itself Can Be Cured. Wonderful Results From Breathing Medicated Air.

Medicine that acts on the blood alone will never cure catarrh. And neither will the spray, douches, lotions, creams and other temporary remedies that so many catarrh victims make a habit of using. To cure catarrh so it won't come back you must first drive from your body the millions of germs that are flourishing in the inner recesses of your nose and throat and are causing the disease.

There is a preparation used to do this called Hyponitric Hydrogen. It is a germ killer and it is very inexpensive. It is used in the treatment of catarrh, combined with other healing and antiseptic ingredients. You breathe Hyponitric Hydrogen into your nose and throat, and the germicidal air penetrates into every fold and crevice of the mucous membrane of your nose and throat, reaches the source that breeds germs, reduces and kills the swollen, inflamed membrane, stops the discharge and gives you the clearest nose and air passages in a truly wonderful way. It gives instant relief in five minutes from catarrh, and a cure of every kind and if you make a practice of breathing Hyponitric for a few minutes each day for just a few weeks not only will all the symptoms of catarrh vanish but the disease itself will be a thing of the past. No one need try to cure catarrh on pure faith. We offer a full refund on the Hyponitric Hydrogen if you are not satisfied. It is a very inexpensive and a truly wonderful preparation. You can find your purchase there is absolutely no reason why any sufferer from Catarrh should not give it a fair trial.

### "Her Defiance" At The Arcana Tonight

Theron Gabler and his sister, Adeline, live in the village. Old Scapin, the village crosser, has long had his eye on Adeline, although old enough to be her father. Her brother makes tentative arrangements with Old Scapin. The girl meets young Warren from the city. Her brother asks her to give him up. Warren has to leave town suddenly on business, and discouraged, Adeline marries the old man. Old Scapin is killed in a runaway when he attempts to follow the girl after she runs away when he tries to force his attentions on her. Many years pass. Warren and Helen meet in the city, where the girl has made a hard struggle. Explanations follow and there is a happy reconciliation between the two. "Uncle Sam at Work" is an educational film. The comedy is "Flowers Good Turn," a Nestor production.

### "Nell of the Dance Hall" at the Majestic Tonight.

Nell, a Western dance hall girl, is under the influence of Ben Keats. Rev. Justine saves Nell from the unwelcome attention of Keats.

A love affair develops. Church trustees order preacher to give up the girl. He determines to leave the church, but Nell hearing of his plans, leaves. Nell returns to the dance hall to save the minister's life. The minister forgives and Nell is led to better life as his wife. The comedy attraction is a Vitaphone entitled "Miss Sticky Mouth Kiss."

### "The Destroyer" at the Temple Tonight.

This is a three part Essanay, featuring Nell Craig. Rockwell, physician and friend Randall fall in love with Frances Burnham. She accepts Randall. He asks Rockwell to give him a physical examination. In the blood test the doctor's assistant accidentally substitutes infected blood for that of Randall's. Randall leaves the country. Rockwell discovers the mistake. He later marries Nell. Rockwell's conscience gets the best of him and he writes after writing a note of explanation. Randall returns in time to forgive him and marries Nell. "A Careless Anarchist" is the comedy.

### Robert Leonard and Ella Hall in Comedy Feature at the Strand Tonight.

Laughs follow one another in happy abandon in the Gold Seal two-reel comedy, "The Boob's Victory," in which farm hand aspires to become regular detective. The surprising ending in which the "Boob" comes into his own, wins for him his sweetheart and outwits the crooks is one of the funniest situations ever filmed.

### "His Return" is a heart-grinding Rex drama with Jack Bryce and Mae Guston and relates the sad experiences of a wife who is denied the blessings of children.

"The Boy, the Girl, and the Auto," Nestor comedy with the Nestor funny people, Billie Rhodes, Neal Duran, Ray Gallagher, Harry Rattenberry and Ethel Lynn, is a series of laughs and roars from start to finish. Tomorrow brings the final installment of the "Broken Chain" serial and is the best one of the whole lot which is saying a great deal. Be sure to see the happy ending.

## Persistent Lothario Again Before Mayor; Police News

Charles Whitehead, a steel worker, was before Mayor H. H. Kaps Friday morning for his second appearance of the week, this time charged with disorderly conduct.

Whitehead was arrested at midnight, Thursday, by Officers Albrecht, Nance and Templeman at the instance of Jack Holt, whose daughter, Mrs. Icy Holt-Durham, was arrested with Whitehead earlier in the week and who escaped a trip to the workhouse by releasing paying her fine at the last moment. Before her release she was promised to keep Whitehead from visiting her. When he called at the Holt home on Thirteenth street, Thursday evening and demanded his ring and picture the articles were turned over to him.

He chewed up the ring and tore up the picture, according to the official police report of the arrest. Later he returned to the house several times and demanded admission. It was then Holt sent word to the police to take Whitehead in tow or he would have to take the law into his own hands to keep him away from his home.

Whitehead was fined \$10 and costs and given a scoring by the mayor who passed up the execution of the workhouse sentence standing over the defendant with the warning that the very next time he was caught it would be put into effect. The court also reminded him that he was fully aware of the manner in which Whitehead since his last arrest was criticising him among fellow employees at the steel plant and boasting of what he was going to do.

## Husband Is Dismissed

Danny McGraw, of No. 2129 Seventh street, who was charged with threatening to strike his wife, Bertha McGraw, was dismissed with a warning. Both husband and wife work at the Excelsior shoe factory. McGraw pleaded that he had been drinking and that he did not remember what threats if any he had made.

John Harvey was found guilty of having assaulted Steve Hursley and was fined \$10 and costs.

## Claims Man Knocked Her Down

Cora Spauldin-Smith filed an affidavit against Book Burkley charging him with assault. Burkley, who is employed at the Selby shoe factory, has been ordered to appear this evening. The woman claimed that as she was passing Thirteenth and Railroad streets

## LOOK AT THIS!

"FORBIDDEN FRUIT" BREAKS ALL RECORDS AT AKRON THEATRE

During the first three days of the week's engagement of "Forbidden Fruit" at the Empress Theatre, Akron, Manager Samuel Kasse announced that this attraction has played to more than nine thousand admissions at twenty-five cents.

Mr. Kasse stated that already the picture has broken all previous records at his theatre, both in attendance and money at the box office and further stated that before the engagement is concluded it will undoubtedly hold the record of the town.

## ALSO AT THIS

Mr. Steuve, manager of the Orpheum Theatre, Canton, has booked "Forbidden Fruit" for a three-day engagement.

Mr. Steuve thought he would run over to Akron last week to get a line on the picture. He arrived in Akron at 2 P. M. but could not get into the Empress until after five.

Mr. Steuve says he has seen some crowds but well if they do the same for me in Canton I shall forgive the inconvenience I was caused in Akron.

## ANOTHER LOOK "FORBIDDEN FRUIT" OPENS TO TURN-AWAY BUSINESS IN CLEVELAND

The Standard Film Service Company's Akron release, "Forbidden Fruit," opened its first-run engagement in Cleveland last Sunday at the Orpheum Theatre, and played to over six thousand paid admissions on the day of 25 cents.

Monday and Tuesday the Orpheum did a capacity business, in fact it required four policemen to handle the crowds for three or four hours during the day.

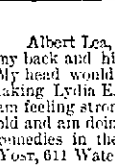

# Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

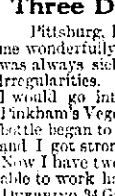

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOBL, 1042 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I could not be without your remedies in the house as there are none like them."—Mrs. F. E. Yost, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DEZURNO, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice,—it will be confidential.

OUR Competitors Say No Wonder We Are Doing the Business For We Are Almost Giving the Merchandise Away

Well, there is a good deal in that too, but we take lots of pride in maintaining the confidence of the people by giving them as good values as reasonable as possible and there is money in our pockets after all. We are after making fast friends and grow as rapidly as success can make it and so far we have succeeded in almost doubling our capacity each and every season.

WE SHALL STAND right by you and protect you from paying high prices in spite of the fact that everybody is making such a "holier" about the so-called rise in figures and scarcity in merchandise, all the blame on the "European war." Let them fight if they want to. We shall live in peace and declare peace on our old maintained policy and that is We Reduce The Price, But Never the Quality! We have lots of merchandise already in and lots more assured to be here, all to be sold at very reasonable prices.

Cloth Suits as low as \$9.95 worth \$5.00 more.  
Silk Taffeta Suits at \$22.50, real wonders.

## Shields Divorce Case Heard Today

The divorce case of Samuel Shields against Florence Shields was heard by Judge Thomas in common pleas court Friday afternoon. After the evidence had been adduced, the court took the case under advisement.

The plaintiff in his petition asks he married Florence Collins, July 8, 1905 and that there were

no children born to the union. The divorce is requested on the grounds of adultery. Allegations are made that the defendant has been living in adultery with Ben Brown, of Valley township for the past six years. Gross neglect and willful absence are the other charges made.

Nate B. Gilliland represents the plaintiff.

## VAUX IS HELD PARIS CLAIMS

Paris, March 10.—An official note has been issued categorically denying the statement made in the German official communication of March 9 that the village and armored fort of Vaux were captured in a glorious night attack by Posen reserve regiments under the leadership of General Von Guretsky Gornitz.

The French official note says: "German official despatches of March 9 affirm that in a glorious night attack the Posen reserve regiments Number 6 and Number 10 stormed the fort of Vaux with a number of adjacent fortifications." This assertion is false in every way. At the very hour when the German communication arrived the French staff found that the fort of Vaux had not been attacked and that the soldiers guarding it were calmly at their posts.

## B. & O. S. W. ROUNDHOUSE MAY BE BUILT IN EAST PORTSMOUTH

Stakes were set Friday preparatory to laying out a site for the B. & O. S. W.'s proposed new local round house though it is whispered in official circles that there may be a switch to an altogether different location.

When the general officials of the road recently visited Portsmouth they authorized a start on the building of the long talked of round house for Portsmouth but since that time a sentiment seems to have developed among them to find another place where a round house will not encroach upon the yard space to such an extent. It is said the vicinity of Damarin Hill is favored for a new location.

Work was also started excavating Friday for a new sand supply house in the company's West End yards and the plans also arrived Friday for a new water tower the company will at once erect at Basham station near the city's new pumping station. Work on the installing of the new 70 ft. turn-table in the Portsmouth yards which has been delayed by weather conditions, was resumed in earnest Friday. It will be replaced by an 80 ft. table once the new or larger type of locomotives are placed in service.

Several passengers on C. & O. train No. 16 were severely jolted when a wheel came off an Interstate bus as it was descending the river grade on the Kentucky side, Thursday night.

## JR. O. U. A. M. PLAN FOR 500 MEMBERSHIP

In an endeavor to build the membership of Portsmouth council No. 38, Junior Order of United American Mechanics to the five hundred mark by June 1, the local lodge will entertain with a Home Coming on April 7. At this meeting it is expected that every member of the old Scioto lodge, which was instituted in this city over twenty-five years ago will attend.

At the regular meeting of the order, held Thursday evening, it was estimated that there were over 1,600 members of both the present council and the old Scioto lodge, many of whom have been suspended on account of non-payment of dues. It is believed that many of these members can be induced to affiliate with the present lodge.

Besides a program upon which will be the names of several state officers, there will be a light buffet luncheon served and a smoker.

The proposed legislation, which was recently discussed at a special meeting of delegates from various towns and cities in Southern Ohio, held in this city, will be explained to the members.

The committee appointed to make arrangements consists of William West, Owen Hopkins, Irwin Hawser, Kate DeLong and Alva Cowan.

### TRIAL IS SET

Youngstown, O., March 10.—Trials of the conspiracy charges against six local steel companies and Judge H. H. Gary, chairman of the board of the United States Steel Corporation, will be started Monday, April 3, according to present plans of prosecutor A. M. Henderson. The defendants have until March 15 in which to file demurrers to the charges.

### School Board Meets Tonight

At the semi-monthly meeting of the school board tonight the janitor's pay roll will be allowed and other routine matters will claim attention of the board members.

### Returns To Capital City

Arthur De Voss, architect for the Ohio Industrial Commission, with offices in Columbus, returned to this city Thursday after a short visit to Portsmouth.

## Unique Point Is Raised In Answer

Termining the citation upon which counsel for Mrs. Ella Bauer took for his case as ingenious, Attorney Milner, Miller and Searl filed a brief and reply in the case of Mrs. Ella Bauer against the heirs of the estate of the late F. W. Knouse Friday afternoon in probate court in which they asked that the claims of the plaintiff amounting to \$239, be dismissed. The brief contends that the only basis upon which the plaintiff can recover is that "there was a contract existing between her self and her father which fact she specifically denies."

## Resignation Demanded Of Cleveland Supt.

Cleveland, O., March 10.—A faction said to comprise a majority of the Cleveland School Board headed by Edward Bushnell, president of that body today demanded the resignation of J. H. M. Frederick, superintendent of schools. Frederick announced he would not comply with the demand.

"My term has not expired and I shall not quit until it has expired," Frederick said. Bushnell asserted that a number of school principals will be demitted in the shakeup, some of them being men who have held high positions in school work for many years. Superintendent Frederick attained wide publicity in connection with the fight against the organization of Cleveland teachers into a union some time ago.

### Has Rented Apartments

L. H. Austin, a well known bartender, who recently moved back to Portsmouth from Huntington, W. Va., has rented apartments over the White jewelry store on second street.

## Six Miners Killed

Wilkes Barre, Pa., March 10.—Six men were killed in the accident yesterday in the Hollenbeck colliery of the Lehigh and Wilkes Barre Coal Company in this city. Several explosions occurred and were followed by a sheet of fire which up to today had permitted a rescue corps to recover only one of the bodies.

## AUTHORIZES USE OF NAME

Boston, March 10.—President Wilson in a telegram today to Secretary of State Langtry, authorized the use of his name in the Massachusetts presidential primaries on April 25th.

## TAX LAW IS UPHELD

Columbus, O., March 10.—The Parrott-Whitmore tax law was declared constitutional today by the Cuyahoga county court of appeals in a decision affirming the judgment of the common pleas court of that county, according to information received by the attorney general. Special Counsel Laylin and Sherman of the attorney general's office, co-operating with prosecuting Attorney Locher of Cuyahoga county, defended the law. This law repealed the Warnes tax law, which ceased to exist with the close of the year 1915.

Harry Carpenter, of the Washington hotel check room, continues ill with la grippe, though he was reported somewhat improved Friday afternoon.

### OBITUARY

Mrs. Joseph Nicolet  
Mrs. Joseph Nicolet, 85, passed away at her home two miles east of Stockdale, Madison township, early Thursday morning, a stroke of paralysis causing death. Mr. Nicolet died several years ago. The deceased was well known in Madison township where she had spent the greater part of her life on a farm. Mrs. Nicolet leaves two sons, Frank and Louis, of near Stockdale, and one daughter, Mrs. Charles Bierley of Columbus. The funeral will be held Sunday morning at 10:30 o'clock from the Stockdale M. E. church with Rev. Clendenning in charge. Interment in Stockdale cemetery.

Body Will Be Here Saturday  
A message received from B. P. Whitney, Bennettsville, S. C., Friday, by Squire A. J. Finney, stated that the remains of the late H. Clay Finney, who died suddenly Thursday morning following an attack of heart trouble, had been shipped Thursday evening. It is expected that the body will arrive Saturday morning. Arrangements for the funeral will be made after the remains arrive. Telegrams of condolence were received from several Friday by Squire Finney. Among those re-

ceived was one from W. P. and L. K. Broeder, prominent stock dealers of Bennettsville, S. C.

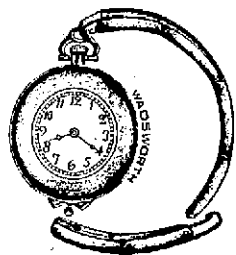

Laid to Rest.  
Last rites over the remains of the late Charles G. Schumann were conducted at the home of Mrs. A. Wittenburg, 1652 Seventh street, Friday afternoon. Rev. S. Lindenmeyer, of the German Evangelical church, of which Mr. Schumann was a member, and the Odd Fellows, of which the deceased was a past grand, conducted the services. Messrs. O. C. Sprague, P. V. Davidson, Frank Schumann, Louis Welty, Richard McGurry and Lynn Wittenburg were the pall bearers. Burial followed at Greenlawn cemetery. A large circle of friends joined with the relatives in paying the parting respects to this pioneer German resident of the city.

J. D. Craig Funeral  
The remains of J. D. Craig arrived from Columbus, Thursday night and were taken to the home of his son, Frank Craig on Blue Run near Harrisonville. The funeral will be held Sunday morning at ten o'clock from the Glendale M. E. church with Rev. George Brundau in charge. Burial in the Glendale cemetery.

## OFFICERS CHOSEN BY BOY SCOUT DIRECTORS

Directors of the local troops of the Boy Scouts of America held a meeting at the offices of the Scout Commissioner, Masonic Temple, Thursday afternoon and elected officers for the ensuing year as follows: George D. Scudder, president; L. W. Bragdon, vice president; Orson Ogier, secretary; Frank M. Baggs, treasurer; Dr. W. E. Gault, chairman of the court of honor and M. H. F. Kinsey, scout executive.

The Boy Scout Movement in Portsmouth obtained better results during the year 1915 than the most sanguine expectations of the officers and the report of E. G. Hamilton, A. F. Lechner, the activities of the members was John W. Flood and J. Arthur read with interest. It will be published in Saturday's Times.

Prospects for one of the greatest years in the history of the organization are very bright. A fine baseball league has been arranged in which more teams will participate and more games will be played. The boys of the various troops are editing a monthly magazine and considerable friendly rivalry exists between the different editors.

Besides the officers the following members were elected to the council: Arthur H. Bannion, Pearl Selby, Roy McElhenny, John McMillan, W. B. Anderson, Roy of the officers and the report of E. G. Hamilton, A. F. Lechner, the activities of the members was John W. Flood and J. Arthur read with interest. It will be published in Saturday's Times.

## A Hint To Mothers of Growing Children

A Mild Laxative at Regular Intervals Will Prevent Constipation

A vital point upon which all schools of medicine seem to agree is that normal regularity of the bowels is an essential to good health. The importance of this is impressed particularly on mothers of growing children.

A very valuable remedy that should be kept in every home for use as occasion arises is Dr. Caldwell's Syrup Pepsin, a compound of simple laxative herbs that has been prescribed by Dr. W. B. Caldwell, of Monticello, Ill., for more than twenty-five years, and which can now be obtained in any well stocked drug store for fifty cents a bottle.

In a recent letter to Dr. Caldwell, Mrs. H. C. Turner, 844 Main St., Buffalo, N. Y., says, "I bought a bottle of Dr. Caldwell's Syrup Pepsin for my baby, Roland Lee Turner, and find it

ROLAND LEE TURNER

works just like you said it would. It is fine for the stomach and bowels."

A bottle of Dr. Caldwell's Syrup Pepsin should be in every home. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill., firm.

## A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

## Get Fine Picture Of 'Northwestern'

Mrs. J. M. Wall, of Second street, received a splendid photograph of the steamship, "Northwestern" which encountered a big storm in the Alaskan waters January 22. Henry Wall, a nephew and former Portsmouth boy, who is now located at Ketchikan, Alaska, made the thrilling voyage.

The picture shows the boat when it landed at Juneau, Alaska. It is encrusted with ice from the top of the masts to the water line. It was necessary for members of the crew to chop the ice away from the cabin doors on landing.

This extraordinary picture is on display at the Albert Zoellner jewelry store.

## High Officials Of Maccabees To Attend Local Lodge Homecoming

Monday evening, March 13, will be a gala day for the local Tent, Knights of the Maccabees. On this night the local tent will celebrate its first annual Homecoming.

Great Commander Ed L. Young, of Norfolk, and State Deputy R. S. Cox, of Columbus, will be present. The two state officers will be the principal speakers at a sumptuous feast, which will be served in the main lodge rooms after the ceremonies of initiation are conferred upon a large class of candidates.

Over 500 invitations have been mailed to members of the local tent by R. S. Cox, who will have charge of the festivities. Cox is an old Portsmouth boy and was employed by the Selby Shoe company for 13 years.

Great Commander Ed L. Young, who is a prominent banker and business man of Norfolk, is a warm friend of George D. Selby, this city. He is a member of the state executive committee of the Ohio Sunday school Association and takes a very active part in the affairs of this organization.

The new Rifle team which recently succeeded the old Uniformed Rank squad, will have complete charge of the ritualistic work. The impressive ceremonies of husting in the new team and mustering out the old Uniformed rank will be one of the main features of the evening.

The Maccabees are confident that between three and four hundred will attend the Homecoming banquet and smoker and are making their plans accordingly.

## RUMORS OF DROWNING WHEN BOAT IS UPSET

The overturning of a small and frail houseboat at the foot of Offshore street during the windstorm Thursday night gave rise to reports that a couple named Davis were on board and had probable drowned.

Supt. John Williams and Diver Nate Williams, of the water works department, made a search of the boat which was partly submerged but found no bodies. From what they could learn by questioning shantyboat people in that vicinity the Davises had gone to Sciotoville a few days ago. They had occupied the boat a day or two after its owners, the Kountz brothers, were arrested for alleged stealing brass from the C. & O. and taken to Catlettsburg, Ky., where they are said to have previously broken jail.

### Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Drugs are prohibited from selling either of the narcotics named to children at all, or to anybody without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without your or your physician's knowledge of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS. It is bears the signature of Chas. H. Fletcher. Genuine Castoria always bears the signature of Chas. H. Fletcher.

### CATARH A BLOOD DISEASE

Drive It From Your System.

Because Catarrh affects the nose and throat, causing sores in the nostrils, stoppage of air-passages and gathering in the throat, it has been common practice to treat Catarrh with salves, washes and sprays applied to these parts. This mode of treatment cannot give permanent relief, and is liable to aggravate the trouble. Catarrh cannot be "tricked" with. It allowed to run on it will disease the bronchial tubes, settle on the lungs and effect the stomach—indeed it is a very serious disease. Don't treat it locally. The one treatment that has proven effective in the treatment of Catarrh is Dr. H. A. the greatest blood purifier and blood tonic known. It relieves the cause of Catarrh by renewing the blood, renewing its vigor, giving new life to the red blood corpuscles and stimulating the flow so that it has the vitality to throw off the poison and germs from the system. It is literally a blood bath. You quickly feel results. Headaches disappear, the gathering in the throat stops, the nostrils heal. Dr. H. A. is a natural blood tonic and has proven effective in the treatment of all blood afflictions. Eczema, leprosy, psoriasis. Get Dr. H. A. at your drugstore. ## TO REMOVE A GERMAN MINE FIELD

Stockholm, (Via London) Mar. 10.—The Swedish government has decided to remove the German mine field off Falsterbo, which caused the loss of the steamer Martha. The press supports the government in this decision and several newspapers declare that the German object in the laying of these mines is to prevent traffic between the Baltic and the North Sea.

### DANGERS OF DRAFT

Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c at your Druggist.

# WIND DISLOCATES WOMAN'S HIP

There is no longer any doubt about the wind storm that swept this vicinity last Tuesday night being one of the severest experienced in a long time. So strong was the wind that it actually blew down Mrs. Resban Hicks, aged 60, who resides a mile below South Portsmouth, and

in the fall her hip was dislocated according to Dr. M. W. Meadows, of Fullerton, who was called and attended Mrs. Hicks.

She had just stepped from her home into the back yard to gather an arm load of wood when she was caught by a blast of wind and

thrown to the ground. She was able to reach her home after the fall, but complained of severe pains near her hip. It was then that Dr. Meadows was called and he soon learned that Mrs. Hicks had dislocated her hip in the fall.

Mrs. Hicks, who is not a very large woman was re-

ported better Friday, although she still suffers from her peculiarly inflicted injury.

Dr. Meadows says that in his long experience as a physician this is the first time that he was ever called to look after an injury caused in this manner.

# "THE FLOOD" DISCUSSED BY REV. P. E. WRIGHT

Rev. P. E. Wright preached to a large audience at the United Brethren church last night. The subject was "The Flood."—Genesis 7:1—

"And the Lord said unto Noah, 'Come, thou, and all thy house into the ark; for thee have I seen right before me in this generation.'"

Before he began on his subject proper, Rev. Wright made this statement: "I am glad the devil seems to be a little bit by this revival. I notice that no one does much good unless the devil gets stirred up."

"The text I have chosen tonight is the first invitation in God's Word. After Noah, that man of God, had received the message from God to begin at once to build an ark, I see him in my imagination this evening as he begins to tell his neighbors that he has received word from the God of the Universe that he should proceed at once to build a place of safety, for God is going to send a flood to the world to destroy it and all the unrighteous therein. The secret of every man's success in the Christian life is obedience to the call and command of God. If you would gain those heights of Christian joy, fellowship and communion that are for God's chosen, then when he calls you obey that call, or command. How many times have we counted the cost of obeying one of Christ's

commands and said, 'I can't do it! And how many blessings intended for us have been missed by us because we did not obey.'

"Noah went out warning the people, and how did those people receive it? They received it in about the same manner as a great mass of humanity receive the messages that God's chosen messenger are bringing. They scoffed at him as being unreasonable. They no doubt called Noah crazy. However, it is no disgrace to be called crazy when you are right. Amidst all the scoffing and sneering, Noah and his family stood alone. It calls forth my deepest admiration for a boy or girl, man or woman, who is the only saved one in the home to stand alone for Christ. There are going to be lots of folks in hell, because they cannot stand the mockery of the ungodly one. There are folks who would come up this aisle and kneel at this altar if it were not for the scoffing of somebody. It takes a hero to go on and on in the Christian faith when many associates are laughing and sneering."

"About the 120th year after he started to build the ark, Noah did not plant anything in his garden. People thought they knew for sure then that he was crazy. He began then to preach harder than ever. Still they disregarded him. In my imagination I see a child go up to his mother and ask if they had not better get inside of the ark! I can hear that mother say, 'Pay no attention to that old fellow. He is crazy.' And the child, by the example set him, does not yet seek admission to the ark. Mother! Father! Where are you leading your children? If you are not a Christian as a husband, got into the ark tonight and make it possible for your wife to make home a heaven. The thing will work the other way just as well."

"At last Noah moves into the ark. When he went in he took his children with him. I want to say to you that a husband and wife keep faithful in spite of all persecution, and their children stay with them. There is something in that man or woman's religion."

"Will the first warning of the long rain come pretty soon? Every boat of the forest or of the field begins to move toward the ark that day. Folks begin to wonder. Some of the highly educated men said, 'We can't explain it, but what's the use to become scared about this thing, anyhow? It won't last long.' God help us to say tonight: 'I'll get into the ark!'"

"After the rain had descended for several days, the people became alarmed. They began to think about the ark. They went from the lowlands into the hills. The ones that had scorned did not scorn any more. The flood came, and although the people sought the highest heights, but to no avail. I can imagine the last man, as he goes un-

der the waters, looking off in the distance and seeing the ark safely floating. Oh, how he wished himself in that ark. But too late. You my friend, tonight have the opportunity of getting into the ark, bound for heaven and eternal life. Will you do it?"

The F. O. Daehler Furniture Company, of Second street, have taken the agency for the marvelous Pathephone, a machine equipped to play any disc record. The machine is made by Pathe Freres, the famous moving picture manufacturers, known and universally used for twenty years as the perfect reproducing machine. Out of a shipment of one dozen, but four machines remain, the shipment being received but ten days ago. W. H. Apple, Jr., representative of the company, is at the Daehler store demonstrating the machine. There are no needles to change with the Pathephone, a separate ball being used instead. The makers claim: "Pathephone stands supreme, for true artists, and for home enjoyment."

The Daehler Company invites all to stop in and have the machine demonstrated.

## Praises Mr. Addis

Editor of The Times—Please allow an old has been, who was the once used to be, a little space in your most valuable paper, but now an inmate of the Scioto County Infirmary:

Mr. J. P. Addis leaves here with the best wishes of all the old unfortunate wrecks of humanity. By his leaving means that they have lost a friend, indeed. Mr. Addis and his entire family have looked after the welfare of these old derelicts in a manner that shows a true Christian spirit, of a social, genial nature. Mr. Addis had a good word for one and all alike, and his presence in the various wards brought a ray of cheer and sunshine with it. He loved to sit and talk with all, never thinking of the gulf between him and the wrecks of humanity. He was here, there and everywhere, looking after each and every detail of the place. He was firm, but kind, to all and knew well how to handle this class of people. The sanitary conditions were always A No. 1. The bill of fare was good enough for anyone, consisting of meats, fresh and salt, fish, potatoes, cabbage, sauerkraut, turnips, onions, beans, soups that would put to shame some of the so-called soups at restaurants, also tomatoes, rice, macaroni, peaches,

prunes, apples, good bread, coffee, tea and milk. This food was properly cooked and clean and served in a clean and large dining-room, also good, clean beds, clean clothes and a bath when desired, two packages of tobacco each week.

I have been a man of the world all of my 66-years of life, and I have never seen or heard of an institution of this kind run on more humane lines than this has been under his administration, and he leaves here with regret by all. Mrs. Addis has truly been more like a mother, and her absence will be keenly missed by the women wards here. Her goodness was 18-karat. Scioto county may well be proud of such citizens as Mr. and Mrs. John P. Addis.

Respectfully Yours,  
GEORGE F. SULLIVAN,  
Scioto County Infirmary.

## "ANURIC!" THE NEWEST DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor Pierce, who is head of the "Invalids' Hotel and Surgical Institute" at Buffalo, N. Y. Experiments at Doctor Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of indigestion—as backache, swelling urine and frequent urination, as well as a sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of "Anuric," manufactured by Dr. Pierce, or even write Doctor Pierce for a free sample. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Doctor Pierce's chemist will examine it, then Dr. Pierce will report to you, without fee or charge.

NOTE:—French scientists affirm that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anuric" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector obtainable.

Dr. Pierce's Pellets are the original Little Liver Pills. One little Pellet for a laxative—three for a cathartic.

## PATHEPHONE FEATURES

- It uses a genuine, round, highly-polished Sapphire Ball instead of the usual metal needle, or point.
- This Pathe Sapphire never wears out and does not injure the surface of the Pathe Discs. It gathers the sound-waves from 40 points of constant contact and releases the tones in a manner absolutely natural and true to the original performance of the artist.
- It is made with an All-Wood Sound-Chamber, amplifying the music in the fullest manner.
- It has a perfect tone-control device for expression and volume.
- It is equipped to play perfectly Disc records of every make.
- In playing the Pathe Discs there are **NO NEEDLES TO CHANGE**.
- It has superior tone quality.
- It has the clearest expression.
- It has decidedly the most artistic effect.

For true artistic reproduction of the world's greatest artists, for full and true balance of the tone quality, for use by professional musicians, students and for home enjoyment the Pathephone stands supreme. The Pathe-Freres Phonograph Company invites comparison of its products with any other. The best phonograph of a year or two is no longer this year's best purchase.

## PATHE-DISC FEATURES

- They are all double-faced, including the operatic selections—music on both sides.
- They are the largest made—10½, 11½ and 14 inches.
- They retail from 65c to \$2.50.
- The music is recorded on the bottom of the record grooves and is reproduced by the Pathe Sapphire Ball in an up-and-down, easy, wave-like motion.
- They cannot be injured in any way by the Pathe Sapphire Ball. Pathe Discs played on the Pathephone eliminate the danger of the needle and therefore the Pathephone is the instrument that children can play with safety and delight.
- They are recorded in every musical center in the world by artists of international reputation as well as local.
- They bring to the American public for the first time the opportunity of hearing many artists, musical organizations, bands, story tellers, etc., never before heard in this country—owing to engagements that keep them abroad.
- All in all, they comprise a repertory superior to any other disc repertory in the world.

### THEATRICAL

#### "Henpecked Henry"

Halton Powell's "Henpecked Henry," one of the most famous musical comedies ever produced on the American stage, is to be the attraction at the Sun March 13, 14 and 15. Its coming is in keeping with the efforts of the house management to present a series of the highest class of attractions this season. "Henpecked Henry" interprets the troubles of a married man whose principal effort in life is to sidestep troubles with his wife. The play is most laughable, and to add to its charm it is presented by an especially fine company and a chorus of unusual beauty. Comment and criticisms have preceded the show which are of a most favorable nature and its engagement here should be one of the notable events of the season for amusement lovers in this city. Prices, matinee 10-20c; night, 10-15-20-25-30c.

The Haru Gari lodge was organized in this country in March, 1847. The local Haru Gari lodge was founded August 14, 1866. John A. Henneke, 80 years old, was present Thursday night, he being one of the first members of the local order.

Miss Mildred Stamm, daughter of Mr. and Mrs. Charles Stamm, and Miss Margaret Hoertel rendered very pleasing piano solos. Miss Hermania Hoertel sang a beautiful solo.

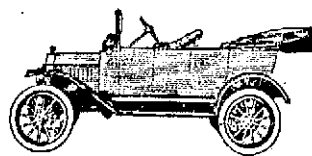

Dancing was then enjoyed the rest of the evening. The ladies of the auxiliary served refreshments of sandwiches and coffee. The local order is in the best of shape and during this year its affairs are under the guiding hand of President John Hermann.

# MINSTREL SHOW WILL BE GIVEN ON JACKSON TRIP

Charles Wilson has been selected by Frank Stanton to act as master of ceremonies in the big one-act Stanton minstrel, which will be given enroute to Jackson, Thursday afternoon, March 16, when between seventy-five and one hundred local Republicans and boosters will attend the big "Get Together" Republican banquet, to be held at the Cambrian hotel.

The minstrel will be a scream from the time that S. D. Eckhart

announces the first act until Frank Stanton muzzles the laughter at Jackson. Grotesque costumes and funny make-ups will be a part of the merriment.

"I feel assured that the trip is going to be one of the best the Republicans have attempted to promote for many years," said John F. Eckhart Friday. "Not only will the trip be interesting from a political standpoint, but it will show the Jackson citizens what a live bunch

of boosters reside in Portsmouth." In all probabilities, the new Republican Club will be formally opened for members on the trip to Jackson. The temporary officers have rented the old Moose hall, Gal- lia street, for quarters.

Governor Frank B. Willis, Hon. Myron T. Herrick, Hon. Harry M. Daugherty, Hon. D. D. Woodman- sea, Hon. R. M. Switzer, Hon. War- ren G. Harding and Hon. Theo. E. Burton will deliver addresses, which

will touch upon the national and state issues of the day.

The trip will cost approximately \$4, with one of those famous Jack- son banquets, a minstrel show, band concerts, decorations and a round trip scenic view of the Baltimore and Ohio railroad. Those desiring to make the trip with the delega- tions from the Portsmouth Business men, delegations from the industrial plants and delegations from the rural districts, should see J. F. Eck- hart, Masonic Temple.

# ACTION WANTED IN MATTER OF REPAIRING THE RESERVOIR

Believing that the time has ar- rived for immediate action to- wards relieving an emergency, by restoring the city reservoir, a joint conference between city of- ficials and the water work advis- ory committee was held Thursday afternoon to devise means and ways for getting an earlier start than at first contemplated.

While asserting that they were not alarmists the members of the committee took the stand that the general public did not realize fully

to what extent the city is at the mercy of minor accidents until present conditions are corrected and the opinion was expressed that even members of city council were really not acquainted with the dangers as they actually exist.

As one put it it is no longer a question as to who was responsible for the conditions but instead one of future responsibility in safe- guarding the community against any still worse disaster if the res-

ervoir is not properly restored. To that end the committee felt it was up to the city to see to it that it gets exactly what it contracts for.

An early start was urged by all present and to impress upon city council the absolute necessity for haste it was agreed to have as many of its members as possible to visit the reservoir site Sunday in company with some of the com- mittee and City Engineer Samuel Harper.

The entire committee will also

visit the pumping station on Mon- day and council members will be invited to accompany them. It is also planned to hold an informal meeting between the committee, board of control and council Tues- day evening when the situation will be thoroughly discussed.

City Engineer Samuel Harper was directed to meanwhile con- tinue work on his plans for re- storing the reservoir and it is hoped to have the work actually under way within the next sev- eral weeks.

# FRONIE TRIES TO KILL HERSELF BUT IS SAVED BY CHUM BESS

Thoughts of murder and suicide alternated in the drink-infamed mind of Fronie Hollingsworth, Thursday afternoon, according to stories related by North End citi- zens.

Fronie actually tried to "shuff- le off" and selected one of the most terrific forms of destruction for end- ing her earthly existence, say those who claim to have been eye-wit- nesses.

Westbound N. & W. freight train No. 85 had already crossed Eleventh street and was rapidly approaching the Twelfth street crossing when Fronie bolted from the New York ice cream parlor and restaurant at that corner, and throwing herself upon the track, folded her arms and shut her eyes. She would have been ground to pieces in another instant, but for the timely rescue by her chum, Bess Hurd, who was at her side in a moment and jerked her in the clear.

Fronie struggled desperately to release herself from Bess's grasp and throw herself under the wheels of the passing train, but Bess re- tained a hold on her until the train had rolled by. The two were last seen leisurely strolling down the railroad cut in the direction of Thir- teenth street.

Four white women who were re- turning from a First Christian church section meeting, saw the col- ored girl throw herself upon the track, only to be pulled off by an- other colored girl a moment later. Henry Richardson and Arthur Tinsley, colored employees of the New York Ice Cream Company, say they also witnessed the attempted suicide. Richardson said that Fronie came into the restaurant in a drunken condition and boasted that she was going to murder her lover, Chum Brown, who decamped just after cutting Louis Hancock some weeks ago, and has remained away

ever since. Fronie at the time tried to accompany Brown, but they boarded different trains, and after spending a few days at Ironton she returned to Portsmouth. She was just repeating her threat when she heard the N. & W. freight train coming. She fairly flew out the door and straightway to the track.

Fronie was released from police custody only Thursday morning, after having spent several days in the city prison. She was last ar- rested for some trouble she had with John Bush, a negro laborer, who ac- cused her of grabbing fifty cents out of his hand.

Sent Bad Weather**

In that true Billy Goat style, Billy Butt-In, The Times Weather Man, laded out wind, rain, snow and hail for the day upon which Dudley Albert Barber, the first baby born in 1916, was to have been honored by the citizens of Portsmouth. If there had been any other brand of mean weather in Billy's stock, Portsmouth would have received it. For Billy became jealous of the splendid presents which Dudley was to receive and when he thought of the moving pictures in which this bright little boy of 1916 was to star, a blinding fit of rage came over the usually cheerful Billy and he just pulled the snow, the hail, the wind and the great, mushy, slushy levers, closed the weather door with a bang and sought comfort in a great "Thriller" as he fittingly termed his favorite film in Thursday's issue of The Times.

Just because Billy saw fit to refuse the enticing debris left from the veritable mountain of presents which the Portsmouth citizens had intended to present Dudley Albert, Friday, the parade, the moving pictures and the presentation exercises to Dudley will be postponed until Tuesday afternoon, weather permitting. Dudley's announcements will be made in The Times in the noon extra on the day of the presentation.

Of course if Billy attempts to do the same thing Tuesday it will be postponed again. But there will be a posse of citizens armed to the teeth waiting for Mr. Butt-In the next day.

All persons who have donated gifts are kindly asked to have them ready for presentation Tuesday at 1:30 o'clock. The committee consisting of Fred N. Tynus, Roy Compton and Frank W. Sheridan asks that the donors as-

**THEY REFUSE TO EAT**

At periods in most children's lives they fail to relish their meals and refuse to eat even the delicacies prepared to tempt their appetites. They lack ambition, and growth seems impeded, which causes anxiety and worry.

To compel them to eat is a grave mistake, because nutrition is impaired. Healthful exercise in fresh air and sunshine is important, but equally important is a spoonful of Scott's Emulsion three times a day to feed the tissues and furnish food-energy to improve their blood, aid nutrition and sharpen their appetites.

The highly concentrated medicinal food in Scott's Emulsion supplies the very elements children need to build up their strength. They relish Scott's—it is free from alcohol.

**ANSWER FILED  
IN CROWE CASE**

The answer of Mary Crowe and cross petition of Catherine Crowe in the action of Mary A. Burns and Andrew Crowe against Mary Crowe were filed in common pleas court late Thursday afternoon by Holcomb and Holcomb, counsels for the defense.

Mary Crowe, in her answer, denies that she is entitled to five-sixteenths of the estate of the late Frank Crowe, but has a legal right to seven-sixteenths of the property.

The answer and cross-petition of Catherine Crowe avers that she was the wife of the late Frank Crowe and had refused to take under the terms of the will and allowed the court to make the division allowed by law. It further claims that the plaintiff in the cross-petition was entitled to one-fifth of the 58.81 acre tract of land belonging to the estate of Frank Crowe and located in Rush township. A request is made for a partition under the foregoing terms.

**Lordier And Ward  
To Open Saloon**

Henry Lordier and Jesse Ward, two well known bartenders have formed a partnership and engaged in the saloon business for themselves, having bought out Harry Cooper.

They have taken charge of Cooper's place at No. 921 Chillicothe street, opposite Tracy Park, and are renovating and remodel-

ing it throughout and also expect to open a restaurant.

Mr. Lordier has lately been employed at John Emmert's place at Fourteenth and Findlay streets, while Mr. Ward has been working for Ted Cropper for the past two years. Mr. Cooper has returned to his former occupation as a molder at the Ohio stove foundry.

**PORTUGAL THIRTEENTH  
COUNTRY TO ENTER  
EUROPEAN STRUGGLE**

New York, N. Y., March 10.—The rupture between Germany and Portugal was brought about

by the act of Portugal in requisitioning German merchantmen which had been interned in her ports. Following the seizure of these vessels Germany addressed an ultimatum to Portugal demanding return of the ships. So far as is known this ultimatum was ignored.

There have been frequent reports that Portugal was about to declare war with Germany because of her treaty relations with Great Britain which bind Portugal to place 10,000 troops at the disposal of Great Britain when required.

Early in the war there was fighting between German and Portuguese troops in the Portuguese colony of Angola.

Portugal is the thirteenth nation to enter the war. Her regular army consists of 30,000 men with 23,000 reserves. She is credited with a total available strength of about 870,000 men. Her navy is comparatively negligible consisting principally of five second-class cruisers and some gunboats and smaller craft.

**TRAIN DERAILED;  
83 PASSENGERS  
WERE IN DANGER**

Altoona, Pa., March 10.—Of the 83 passengers on board the Manhattan limited, one of the Pennsylvania railroad's fast New York-Chicago trains, which was wrecked last night near Port Royal, fifty miles west of Harrisburg, only three were injured and they were able to continue their journey after treatment at a temporary hospital. S. P. Shope, a fireman, was killed and Thomas P. Trout, an engineer, was badly hurt.

The limited train crashed into a freight wreck and the entire train was derailed, the engine going over an embankment carrying the engineer and fireman with it. The passenger train was made up exclusively of sleeping cars all of steel construction.

**FEDERATION

## PROVING HIS PHILOSOPHY

The late Judge James W. Bannan had a theory that he was rather fond of laying down whenever occasion made it apt. It was that opportunity to make big fortune reaped but once at a man's door and he must ever keep his ear keen to hear its knock and quick to respond. It was because he had faith in his philosophy and put it into practice that he became a rich man and in a comparatively short time, that too just at a period when he was crossing to the side of life where the shadows lie longest.

On the morning after the presidential election in 1896, at the breakfast table, he said: "Boys, the chance to make a fortune really comes but once. Our opportunity is right now. This country can't be kept down always. The result of yesterday's election will be the excuse for its revival and a tremendous increase in business and industrial activity. Now is the time to buy, invest all the money you've got, all you can borrow and rake and scrape. That is what I am going to do." He did, loading up with all the stocks he could stagger under. Some of his purchases turned out badly, of course, but others were sound, and on the whole he not only made enormous profits, but keeping the particularly "good things" as permanent investments, fortune from that day flowed to him with celerity and certainty.

The theory seems plausible and easy, and so it is plausible, but not easy either in fact, though both in the Judge's conception of it. Back of his teaching, or shall we not say under it, lay the foundation of preparedness. Opportunity is a mockery if one be not prepared to meet its terms. This man got ready, he toiled, struggled and saved all through his early years and far into maturity that he might secure comfort for old age, beyond peradventure, and readiness to respond to opportunity when it called. He did that not only by laying aside some reserve store, but by making himself the reputation of being "a good risk", that is he paid debts promptly and borrowed money when it was due—his credit was quite as valuable, in a way, more so than his resources.

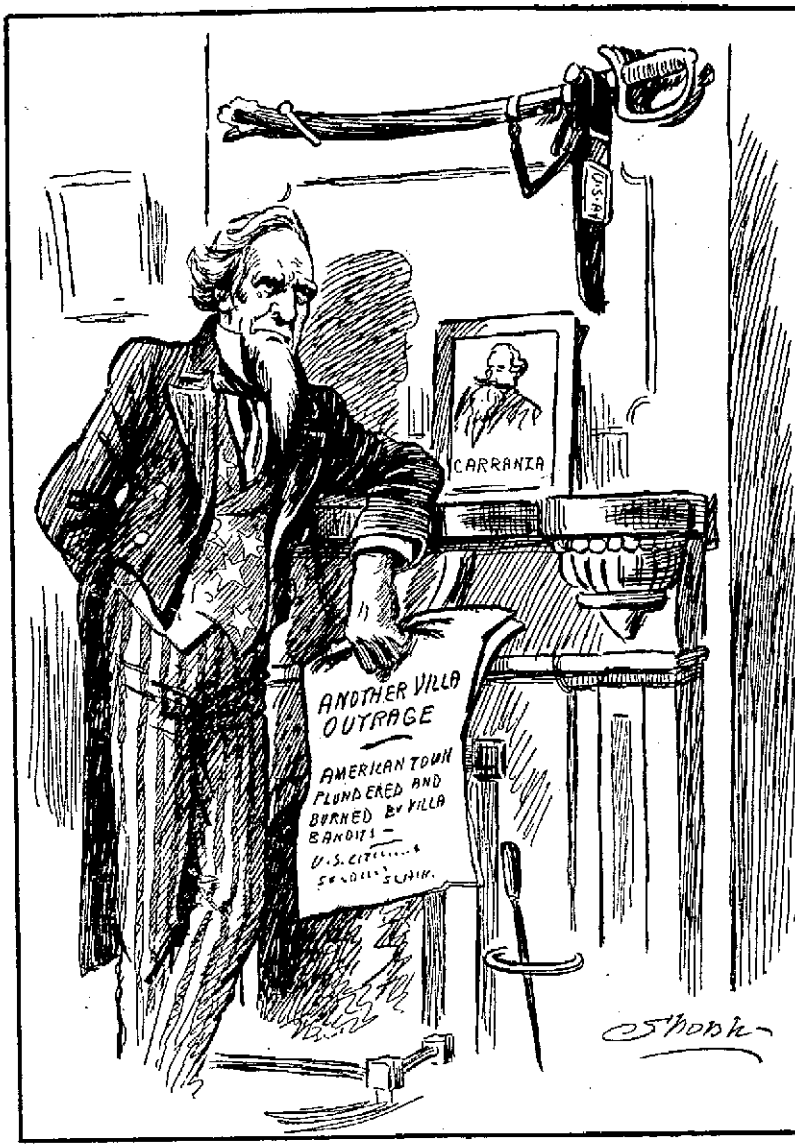

## THE GREATER CEASAR

A certain groceryman of the Peerless is said to be anxious to know whether or not it is lawful to hunt duck at this season, the Ohio statutes so permitting and the federal laws so prohibiting. A good way to learn which is which is to go out and shoot a few of the birds. We suggest, however, to the groceryman, that he be exceedingly careful to see that no unfriendly eye rest upon the slaughter, lest he become the imperatively bidden guest of a United States marshal to and in Cincinnati.

In matters of this kind it makes no difference if the state and federal provisions do conflict, for the reason that the latter override the former. As was seen by the revolutionary fathers the inevitable drift of our form of government is that the federal authority shall overlap and eventually smother the state. Nowhere has this tendency become so manifest as in the rise and development of the inter-state doctrine. This doctrine is that where the subject of legislation passes from one state to the other it is then peculiarly and exceptionally within the province of the national government. Thus, by way of illustration, we have the novel legal convention that Ohio can say to the railroads you shall carry passengers within my confines for two cents per mile. She can enforce the carriage at that rate, where the points between which the passenger is traveling lie within her own borders, but she has nothing to say where the journey is into another state. Of course, the traveler may buy one ticket to the state line and there another to his destination. A fortiori, as the lawyers would say, and which means, it follows from this, ducks being interstate, even international, wayfarers, federal regulation of them supercedes any assumption of the state. Then, if the perplexed groceryman means to hunt in the Ohio river it might serve him well to look up the Kentucky provision on the subject, for 'tis that commonwealth which claims jurisdiction of the roving river, even across and over to the Ohio shore low water mark.

A pound of onions is said to be as nutritious as a pound and two-thirds of beef, to say nothing of the difference in the color.

## A LONG TRIED PATIENCE

## A DOUBLE REDRESS

The supreme court of Arkansas has decided that fair woman can not only masher the masher, but can go further than that and recover damages from the innocent bystander. At least so much may be reasonably concluded from its judgment, rendered Tuesday in the case of Mrs. Nettie Trussell against the Memphis, Dallas and Gulf railroad. Mrs. Trussell, who by the way is a charming widow and school marim, was a passenger on the defendant's train out of Hot Springs. She was quite alone, but it would appear, not unprotected; she had her umbrella with her. At a point down the road a brute of a male got on. He was the most despicable of all things that creep and crawl, a masher. No sooner did he see the winsome widow was alone than he began ogling her and bowing and smirking and blowing kisses in her direction. Did she respond? She did. Up rose she and rushed right at him and he opened his arms to receive her. When she was in strategic position she brought the handle of the umbrella down on his bare head with a resounding smack. Before he could recover from his surprise she poked him in the face and prodded him in the stomach with its rather sharp point and until he yelled murder and mercy. Returning home she sued the railway for damages, in the shape of indignities offered her on its car and got judgment for \$250. The supreme court sustains this.

State Examiner Maurice Coe, of this city, is down in Cincinnati, trying to adjust a little "mistake" of about \$5,000, excessive fees the coroner has collected, without warrant of law. You've noticed that these public officials always make the mistake of construing the law so it places more coin in their pockets never by any peradventure blundering onto a misconception that loses them anything.

No, we haven't bought those lemons yet. It is lent and we have offered them up as an act of denial. Still we are praying and ducking down alleys lest we meet Ed Stahler, wholesale importer of fruits and vegetables—nothing charged for this advertisement—and he talk us into a fall.

Some people can start anything, whether they believe it is another matter. The Cleveland Ground Hog says the rise in the value of lots and buildings is the cause of poverty, slums, crimes and moral and physical diseases in cities. May be so, may be so, but other people would like to be owners of a hefty lot of the germ.

Indiana shows another beautiful point in the primary and its admixture of second choice. Three days have gone by since the primary and the Republicans do not yet know whom they have nominated for senator and it may be a week before the thing is indisputably settled out.

## OPPOSING THE PUBLIC GOOD

An Ohio woman who refused to take out a sanitary sewer permit as provided by ordinance in her home city, was fined \$100 and costs for her violation of the law. Although ventily, she refused to pay. Sentenced to jail she remained there until city authorities despaired of convincing her that she was wrong. Then she was released. Now she declares, she is receiving hundreds of letters congratulating her upon her stand, some of these letters being from senators and representatives and physicians. This statement will be received skeptically. While some senators and representatives have shown within the past week that they are capable of almost any kind of freakishness, it is doubtful if they are vastly concerned about this obscure Ohio case. Physicians certainly are not applauding violations of laws that promote sanitation. It is doubtful if any well-balanced person has commended the belief of this stubborn woman that sanitation is an individual question and that one person is privileged to jeopardize the health of many if she chooses to do so. "Personal Liberty" is a good slogan but a much abused one.—Youngstown Telegram.

Our good young governor and William J. had a most cordial meeting at Columbus Wednesday and they talked of bees, though of what kind is not stated, and not a single word was said of politics, preparedness, peace or prohibition.

The president of Sandusky's commission plan of government has been asked to resign. Some day, may be, towns will learn that it isn't so much the form of government but the quality of men who fill the offices, that counts.

The opinion of the Huntington Advertiser is that the explosion in a Massachusetts trinitrotoluol plant, was not as usual, caused by the mythical spy, but by some fellow trying to pronounce the name of the infernal stuff.

A Cincinnati wife wants a divorce because her husband just will not be mean to her. She has got the fool idea a man should be masterful. A cuff or two would dissipate it.

It has come, a little late, 'tis true, but it nevertheless, is here. The Cincinnati Reds are winning the championship, with camp gossip.

NEW-YORK-DAY-BY-DAY.  
O-O-MEINTYRE.

New York, March 10—A five o'clock tea to copy readers, editors and reporters was given one day this week by the New York Women Suffrage party. A bunch of copy slaves at a pink tea on Fifth avenue is an unforgettable sight.

There they were with napkins on knees, tea in hand, trying to look like tiffin fops as nearly as they could get the formula from a casual study of the covers on the magazines. The pretty suffragists buzzed about the awkward men as busy and yet buoyant as the famous knitting women at a guillotine party. Happy phrase. True picture.

The women were tending to their own knitting and yet getting away with murder. The suffs were having all the fun, the men doing all the suffering. The blue pencil brigade suffered basilar agonies in attempting to be society men.

Most of the newspaper men held their cup of tea as if it were the fatal hemlock. One man present got away with it because he had a Grecian profile and could drink tea like a picture of Lou Tellegen. He departed a hero, but was later learned that he was not an honest-to-the-heavens newspaperman, but a society hound who had sniffed the aroma of the tea while exercising his wrist watch along the avenue and just drifted in and fitted snugly into the picture.

Leach Cross has quit the fighting game and henceforth he is Dr. Louis Wallach, and his dental parlors are in Harlem, where he has a very good practice. He has been fighting ten years and is the hero of about 200 ring battles.

Most of the people who went to see Cross fight went because they wanted to see him beaten. In fact as the ring-siders often stated, they wanted him "to get his block knocked off." He was very unpopular among fight fans, but he went right on winning just the same.

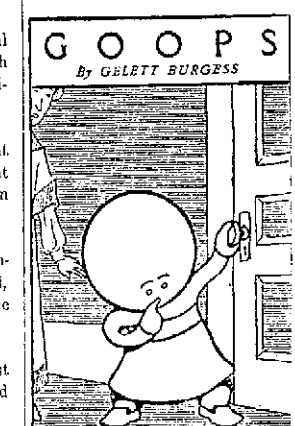

It pays to be unpopular in some cases, for Cross is not yet 30 and he is worth about \$75,000, which was

I'm only a baby—  
A baby, that's all,  
My mother's a lady,  
At Harrison's ball.

She leaves me in daytime,  
She leaves me at night;  
The teas, parties, movies,  
Are sure her delight.

I'm here in my cradle,  
A wee, helpless thing;  
I want her caresses,  
I want her to sing.

Some sweet ty-lo music  
To hear in my dreams,  
There's no one like mother  
Can sing—so it seems.

When I look in her face  
I feel sure that I see  
A whole lot of mother love  
Beaming for me.

Then why does she leave me?  
I try hard to please;  
I coo and I smile,  
And sometimes I tease.

I wish you would tell me,  
Should anyone know,  
Why 'tis mother leaves me  
Continually to go!

## WAR OFFICIALS TO TAKE NO ACTION TROOPS PATROL BORDER, FEAR 'NOTHER BANDIT ATTACK VILLA OUTRUNS U. S. FORCES AND ESCAPES

### COLUMBUS MASSACRE CONSIDERED CLOSE INCIDENT WITH THE WAR DEPARTMENT

Washington, March 10.—After an early conference today between Secretary Baker and Major General Scott, chief of staff, it was announced that the Columbus massacre is a closed incident so far as the war department is concerned. General Scott said that unless it was decided to have American troops cross the border again there was no likelihood of further initiative action by the army. Major General Funston in an overnight dispatch, urgently recommended that he be authorized to send American troops over the border to finally clean out the bandit gang. The state department will pass on the recommendation.

### MEUSE SCENE OF VIOLENT SHELLING

Paris, March 10.—(Via London) There was no change in the situation before Verdun either east or west of the Meuse, according to a semi-official announcement made here this afternoon. The announcement adds that the violent bombardment continues on both banks of the Meuse but that there has been no infantry attack by the Germans.

### RIZA AS A NAVAL BASE

London, March 10.—Russia is making preparations to use the recently captured harbor of Riza as a naval base for the advance

on Trebizand from which it is 35 miles distant, according to a Petrograd dispatch.

**A Tip on Tips.**  
Dean Swift had something to say on tips in his ironical "Direction to Servants." To butlers he wrote, "If a gentleman has lain a night in the house of the cook, the housemaid, the staid man, the scullion and the gardener, accompany you, and stand in his way in the hall in a line."—London Standard.

### FRENCH AIR CRAFT RAID RAILWAY

Amsterdam, (Via London), Mar. 10.—Six French aeroplanes raided the railway lines over which the Germans have been transporting military supplies in Central Belgium on last Monday and Tuesday, according to advices to the Telegraaf. They dropped many bombs and caused extensive damage. All returned safely.

### RIOTING AT COLOGNE IS REPORTED

Amsterdam, (Via London)—March 10.—The Telegraaf states that it has received reports of serious rioting in Cologne on Tuesday in consequence of the heavy losses of German troops in the battle of Verdun.

### U. S. AWAITS BRITISH REPLY

Washington, March 10.—Administration officials here today were awaiting Great Britain's reply to the request of the United States for a copy of the confidential instructions to commanders of British merchantmen, which Germany claims prove that merchant ships equipped with defensive armament have orders to act offensively against Teutonic submarines.

Until the reply has been received, it is considered unlikely that there will be any further negotiations with Germany in the submarine controversy.

### VILLA FORCES FROM MEXICAN HILLS DEFY CAPTURE BY SOLDIERS

Columbus, N. M., March 10.—Federal troops in increased numbers today patrolled the Mexican border near Columbus as a precaution against further invasions of American territory by Francisco Villa's bandit army, which yesterday in a surprise attack upon this town, killed seventeen American citizens and soldiers, wounded many, burned buildings and looted stores before being driven back into Mexico by American troops. More than one hundred of the bandit army were killed and about two hundred wounded in the attack on Columbus.

Villa, at the head of the main body of bandits, was reported early today fifteen miles south of the international line where he halted after a running fight yesterday with pursuing United States troops.

A report that armed raiders were in the vicinity of Hachita, N. M., led the military authorities to rush reinforcements there.

Possibility of further bandit raids was admitted by army officers and armed civilians and state militiamen and cowboys are co-operating with the federal authorities in maintaining a border patrol.

The first reinforcements arrived early today when the first battalion of the Twentieth Infantry, 250 men, under Major Wm. R. Sample arrived from Fort Bliss on a special train. The battalion, after receiving a fresh supply of ammunition was despatched by Colonel J. J. Slocum, commanding the troops here, to Victoria, 32 miles west.

Other troops were reported to have been despatched at various points along the border.

The pursuit of Villa and his men by 250 American cavalrymen under Majors Tompkins and Lindsley ended when the Villa forces made a determined stand after reaching a series of hills, fifteen miles south of the border. The casualties to American forces during this battle consisted of the death of a corporal whose name has not yet been learned, and the wounding of Captain George Williams, who sustained a bullet wound in the hand. The Mexican casualties in this engagement were not reported.

Of the seventeen Americans killed, nine were civilians and eight soldiers.

### PARIS CLAIMS VAUX IS HELD BY FRENCH

Paris, March 10.—An official note has been issued categorically denying the statement made in the German official communication of March 9 that the village and armored fort of Vaux were captured in a glorious night attack by Posen reserve regiments under the leadership of General Von Guretsky Gornitz.

The French official note says: "German official despatches of March 9, affirm that in a glorious

night attack the Posen reserve regiments Number 6 and Number 19 stormed the fort of Vaux with a number of adjacent fortifications. This assertion is false in every way. At the very hour when the German communication arrived the French staff found that the fort of Vaux had not been attacked and that the soldiers guarding it were calmly at their posts.

### SUB SINKS A FRENCH SHIP

Paris, March 10.—French line steamship *Louisiane* sank last night at eleven o'clock. All the crew were saved. No passengers were aboard. It is presumed the vessel was sunk by the same submarine that has been operating along the coast between Boulogne and Havre, which torpedoed the *Dermaire*.

### TO REMOVE A GERMAN MINE FIELD

Stockholm, (Via London) Mar. 10.—The Swedish government has decided to remove the German mine field off Falsterbo, which caused the loss of the steamer *Martha*. The press supports the government in this decision and several newspapers declare that the German object in the laying of these mines is to prevent traffic between the Baltic and the North Sea.

### FLOODS IN WASHINGTON

Seattle, Wash., March 10.—Heavy rains in the lowlands and warm winds in the mountains where the snow is melting rapidly have caused floods in all parts of western Washington, completely tying up the three trans-continental railroads in Washington.

### COLONEL SLOCUM TO BE UPHELD IN SENDING OF TROOPS CROSS BORDER

Washington, March 10.—Full reports from Major General Funston in command of the American troops on the border on the situation, following yesterday's raid on Columbus, N. M., by Francisco Villa and his outlaws, were awaited with the gravest concern by the administration today.

News of the return of the two hundred and fifty cavalrymen who had pursued the bandits into Mexico, without having killed or captured Villa was received with undisguised disappointment.

The next step of the Washington government probably will depend upon the nature of General Funston's report.

The troops had been sent across the border by Colonel Slocum with orders not to go more than two miles. This action had the full support of the administration and no orders had been issued for the return of the men.

The uppermost thought here today was whether an adequate military force would be sent across the border for the further pursuit of the bandits and the capture of their leader.

Army officers pointed out that a competent force was distributed along the border and that such an expedition could be organized in a very short time.

Although strict orders had been given among army officers not to cross the border with armed forces there was no indication today that Colonel Slocum would be reprimanded. Government officials agreed that the unusual conditions justified the pursuit. No objection from General Carranza regarding the action of American troops is expected.

## Bowlers Gather For Annual Election, Scores From Toledo

Toledo, O., March 10.—Bowling officials gathered here today for the annual election of officers of the American Bowling Congress. Advance information on the meeting indicated that the delegates were expecting drastic changes in the constitution to be offered for adoption and some friction was anticipated.

The huge size of the entry list this year is also expected to result in a sweeping change in the manner of scaling the prizes which amount to \$33,000 this year. The official election is expected to result in William Agnew of Cleveland, who has been vice-president for years, gaining the leadership.

Grand Rapids is expected to land the next tournament with Buffalo bidding for the following year.

New leaders appeared in the doubles and singles yesterday. Spickett and Kavanaugh, of Detroit, showing 1168 in the former event and P. Brunnett, of Cleveland, showing 660 in the individual contest. The standing:

Eddie Collins has heavily invested in the Baltimore International league club.

Arden Davis of Cleveland, who is a major fan, enroute to Tampa, stopped off in New Orleans, donned a uniform and had a workout with the Indians. The players say he is a "regular guy."

The Pirate line-up, when the going rings, will be about the same as last year, with possibly one exception. The fans there expect the team to follow the "dope" set by the Phillies of 1915 and the 1914 Braves, who came from nowhere.

Hans Lobert is not rounding into form and McGraw is beginning to worry about that third sack.

## NO GAME TONIGHT

The basketball game scheduled to be played tonight in the local gym between P. H. S. and Huntington has been postponed on account of the local quinine taking pair in the state basketball tournament.

basketball team of this troop, the Evangelicals, will play 3 games in the boy scout basketball tournament which is to decide the champion basketball honors of the city. Following is the lineup: Graf, c; Mohl, rf; Lindenmeyer, lf; Multer, rg; Sampson, lg.

**Big Tournament On Saturday**  
The big boy scout tournament will take place on tomorrow with 12 teams battling for championship of the city. The first game of the preliminaries will start promptly at 9:00 a. m. between the Blues and Evangelicals. Here are the lineups of the 12 teams.

Blues—Smith, R. Liming, G. Mitchell, Monk, Kah.  
Evangelicals—H. Graf, Mohl, Lindenmeyer, Multer, Sampson.

## FOREMEN ARRESTED FOR ACCEPTING FEES FROM MEN

## Eagles Are To Initiate

Toledo, O., March 10.—Peter Stallman and Frank Madrzykowski, foremen employed at the Willys-Overland automobile plant here were arrested last night by special agent Charles E. Mayhugh, of the State Industrial Commission, on charges preferred by Fred G. Croxton, head of the department of investigation of the commission. Croxton charges the men with accepting fees from men they employed.

"The evidence leads us to believe that these men received from \$15 to \$30 for a job," declared Croxton. The offense is a violation of factory rules and state law.

"This practice has been extensive," said Croxton. "We believe these men are the ring leaders. Both men were discharged from their positions last night."

Columbus, O., March 10.—Discovery of an extensive conspiracy among foremen in industrial plants to charge workmen fees for jobs was announced today by the employment agency bureau of the state industrial commission. The announcement was expected to create some surprise among managers of companies employing large numbers of men.

Foremen who do this are subject to prosecution for violating the state employment agency law, the penalty for which is a fine of between \$50 and \$100 for each offense.

Fred C. Croxton, head of the employment agency bureau, has been making a secret investigation for several months of the practice by which working men were forced to pay sums ranging from \$5 to \$25 to foremen or subforemen in industrial plants before being given jobs. Reports of this practice were received from nearly a score of plants in the large cities. In most cases, however, employees who were victims refused to give further information when they learned it might lead to prosecution of the foremen who extorted the fee. It was found difficult to gather definite evidence of suspected law violation.

One of the largest railroads in Ohio employs all its common labor through a single accredited agency, forbidding gang foremen to hire any man, in order to eliminate this kind of graft which it had discovered to exist. That company is said to have found the system extended even to a few general foremen, with whom the "job money" was divided.

## LEGAL NOTICE

Probate Court, Soloto County, Ohio: James W. Gee, Administrator of the Estate of David Evans, deceased, vs. John Evans, et al.

James Evans, David Stephens, whose residences are unknown, will take notice that James W. Gee, Administrator of the Estate of David Evans, deceased, on the 12th day of February, 1916, filed his petition in the Probate Court of Soloto County, Ohio, alleging that the personal estate of the said deceased was insufficient to pay his debt and the charges of the administration of his estate, and that he had seized in fee simple of the following described real estate:

FIRST TRACT: Being part of Survey No. 1542 of the Virginia Military District, situated in Soloto Township, Soloto County, Ohio, containing about thirty acres, more or less. For more particular description reference is had to Volume 1, Page 14, Soloto County, Ohio, Records of Deeds.

SECOND TRACT: Situated in Soloto Township, Soloto County, Ohio, and being part of Ohio State University Lot Number Four, containing thirty-seven acres, more or less. For more particular description reference is had to Volume 2, Page 33, Soloto County, Ohio, Records of Deeds.

THIRD TRACT: Situated in Soloto Township, Soloto County, Ohio, and being part of Ohio State University Lot Number Eight, containing forty-three acres, more or less. For more particular description reference is had to Volume 2, Page 33, Soloto County, Ohio, Records of Deeds.

The purpose of the petition is to have the property sold to pay the debts and charges thereon.

James Evans and Janetta Stephens are hereby notified that they have been made parties defendant to said petition, and that they are required to answer the same on or before the Fifteenth day of April, 1916.

JAMES W. GEE, Administrator.  
Frank W. Moulton, Attorney. 2-4 1916

## Tooth Loose? Watch out for Pyorrhea!

When you find a tooth that gives back and forth, even just a little, see your dentist at once.

He will find conditions which you might overlook. He will find a gum recession, even though slight, where the gums have pulled away from the teeth. And he will tell you that you have the dread disease pyorrhea.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Company, 501 Union Central Building, Cincinnati, Ohio.

# PRESENTATION OF GIFTS TO 1916 BABY IS POSTPONED

## "Billy-Butt-In" Is Blamed Because He Sent Bad Weather

In that true Billy Goat style, Billy Butt-In, The Times Weather Man, laded out wind, rain, snow and hail for the day upon which Dudley Albert Barber, the first baby born in 1916, was to have been honored by the citizens of Portsmouth. If there had been any other brand of mean weather in Billy's stock, Portsmouth would have received it. For Billy became jealous of the splendid presents which Dudley was to receive and when he thought of the moving pictures in which this bright little boy of 1916 was to star, a blinding fit of rage came over the usually cheerful Billy and he just pulled the snow, the hail, the wind and the great moony slushy levers, closed the weather door with a bang, and brought comfort in a great "Thriller" as he fittingly termed his favorite film in Thursday's issue of The Times.

Just because Billy saw fit to refuse the enticing debris left from the veritable mountain of presents which the Portsmouth citizens had intended to present Dudley Albert Friday, the parade, the moving pictures and the presentation exercises to Dudley will be postponed until Tuesday afternoon, weather permitting. Definite announcements will be made in The Times in the noon extra on the day of the presentation.

Of course if Billy attempts to do the same thing Tuesday it will be postponed again. But there will be a posse of citizens armed to the teeth waiting for Mr. Butt-In the next day.

All persons who have donated gifts are kindly asked to have them ready for presentation Tuesday at 1:30 o'clock. The committee consisting of Fred W. Tynes, Roy Compton and Frank W. Sheridan asks that the donors assemble at The Times office at 1:30 o'clock Tuesday afternoon. Bring along the gifts and if possible your automobiles and trucks. The parade will form at The Times office at 1:45 and will move north to Gallia street, east on Gallia street to Offene street, north on Offene street to Twelfth street, to Union, thence on Union street. Motion picture machines will be stationed along the line of march, and it is hoped to get every person and automobile snapped during the parade. Pictures will also be taken at the Barber home and every person attending the presentation exercises will be sure to see themselves in the movies later on at the Columbia theatre.

In the meantime, everyone acquainted with Billy Butt-In are urged to treat him with the utmost contempt to see if he will become ashamed of his fit of jealous rage and ladle out a brand of real Scioto county weather for Tuesday afternoon.

## ANSWER FILED IN CROWE CASE

The answer of Mary Crowe and cross petition of Catherine Crowe in the action of Mary A. Burns and Andrew Crowe against Mary Crowe were filed in common pleas court late Thursday afternoon, by Holcomb and Holcomb, counsels for the defense.

Mary Crowe, in her answer, denies that she is entitled to five-sixteenths of the estate of the late Frank Crowe, but has a legal right to seven-sixteenths of the property.

The answer and cross-petition of Catherine Crowe avers that she was the wife of the late Frank Crowe and had refused to take under the terms of the will and allowed the court to make the division allowed by law. It further claims that the plaintiff in the cross-petition was entitled to one-fifth of the \$8,311 acre tract of land belonging to the estate of Frank Crowe and located in Rush township. A request is made for a partition under the foregoing terms.

## The Movies

One of the Big Scenes in "Forbidden Fruit" at the Columbia Today and Tomorrow

Dramatically strong and pointing fearfully to a moral which, however, delicate, is forcible, "Forbidden Fruit", the latest of the Standard preferred photo productions written and directed by Ivan Abramson, is one of extraordinary interest.

"Forbidden Fruit" deals with a variation from the moral code, and the possible consequences, but sin is never shown in an alluring guise. On the contrary, the story dwells almost exclusively on the misery that may result from a misstep, however well intentioned the motive behind it.

The story, aside from its moral value, is constructed in fitting fashion. Stress is laid on the strongest of the situation, and the scenes introducing such moments

have been developed advantageously and with a keen preception of their value. The scenario builds to a strong climax which is ultimately followed by a happy ending brought about through the awakening of the husband.

Paula Shay and Everett Butlerfield are the dual stars of the photo-drama, supported by an exceptionally strong cast including James Cooley, June Janin, Minna Phillips, J. H. Lewis and two clever youngsters, Kittens Richart and Walter Irving Gould.

This master film will be shown at the Columbia theatre today and tomorrow, starting each day at 1:30 and running continuously throughout the supper hour.

Try and come in the afternoon and avoid the big rush in the evenings.

### "The Strange Case of Mary Page" At The Exhibit Tonight

"The Tragedy" is the title of this first episode. See all 15 chapters.

Mary Page, a beautiful actress, at last is to appear as a Broadway star. On the evening of the dress rehearsal of her new play, James Pollock, who covets her, attacks her in her dressing-room. Philip Langdon, her sweetheart, rushes to her defense.

Philip gives Mary a revolver, telling her to use it if Pollock continues his attentions.

After the dress rehearsal the company attends a banquet. Pollock lures Mary into a private dining-room. There the murder is committed.

Mary, herself, does not know whether she shot Pollock. She almost believes she did, for throughout her life a powerful evil influence has affected her mind. At times she has been irresponsible and—

### "Her Defiance" At The Arcana Tonight

Theron Gabler and his sister, Adeline, live in the village. Old Scapin, the village crook, has long had his eye on Adeline, although old enough to be her father. Her brother makes tentative arrangements with Old Scapin. The girl meets young Warren from the city. Her brother asks her to give him up. Warren has to leave town suddenly on business, and discouraged, Adeline marries the old man. Old Scapin is killed in a runaway when he attempts to follow the girl after she runs away when he tries to force his attentions on her. Many years pass. Warren and Helen meet in the city, where the girl has made a hard struggle. Explanations follow and there is a happy reconciliation between the two. "Uncle Sam at Work" is an educational film. The comedy is "Flivvers Good Turn." A Nestor production.

# MINSTREL SHOW WILL BE GIVEN ON JACKSON TRIP

Charles Wilson has been selected by Frank Stanton to act as master of ceremonies in the big one-act Stanton minstrels, which will be given enroute to Jackson, Thursday afternoon, March 16, when between seventy-five and one hundred local Republicans and boosters will attend the big "Get Together" Republican banquet, to be held at the Cambrian hotel.

The minstrel will be a scream from the time that S. D. Eckhart

announces the first act until Frank Stanton muzzles the laughter at Jackson. Grotesque costumes and funny make-ups will be a part of the merriment.

"I feel assured that the trip is going to be one of the best the Republicans have attempted to promote for many years," said John F. Eckhart Friday. "Not only will the trip be interesting from a political standpoint, but it will show the Jackson citizens what a live bunch

of boosters reside in Portsmouth." In all probabilities, the new Republican Club will be formally opened for members on the trip to Jackson. The temporary officers have rented the old Moose hall, Gallia street, for quarters.

Governor Frank B. Willis, Hon. Myron T. Herrick, Hon. Harry M. Daugherty, Hon. D. D. Woodman, Hon. R. M. Switzer, Hon. Warren G. Harding and Hon. Theo. E. Burton will deliver addresses, which

will touch upon the national and state issues of the day.

The trip will cost approximately \$4, with one of those famous Jackson lunquets, a minstrel show, band concerts, decorations and a round trip scenic view of the Baltimore and Ohio railroad. Those desiring to make the trip with the delegations from the Portsmouth Business men, delegations from the industrial plants and delegations from the rural districts, should see J. F. Eckhart, Masonic Temple.

# FRONIE TRIES TO KILL HERSELF BUT IS SAVED BY CHUM BESS

Thoughts of murder and suicide alternated in the drink-infused mind of Fronie Hollingsworth, Thursday afternoon, according to stories related by North End citizens.

Fronie actually tried to "shuffle off" and selected one of the most terrific forms of destruction for ending her earthly existence, say those who claim to have been eye-witnesses.

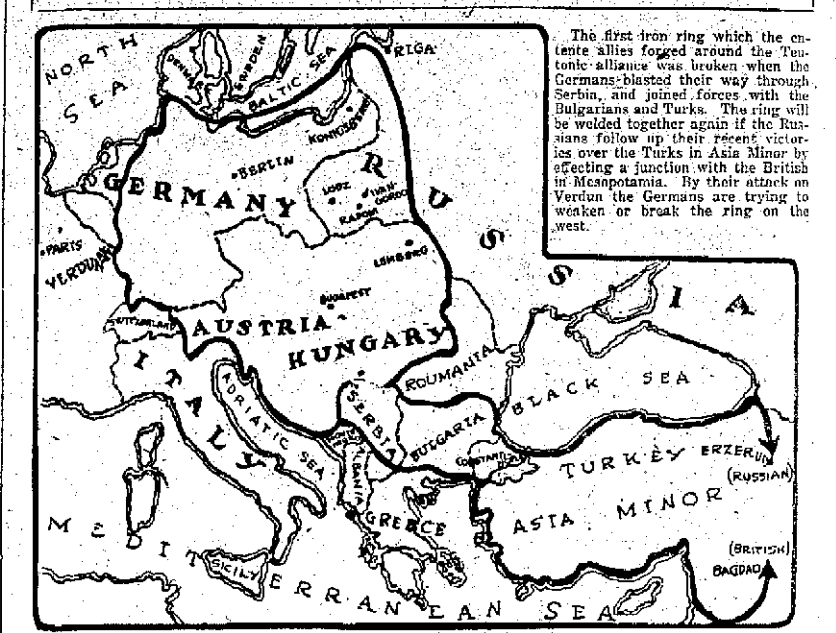

Westbound N. & W. freight train No. 35 had already crossed Eleventh street and was rapidly approaching the Twelfth street crossing when Fronie bolted from the New York ice cream parlor and restaurant at that corner, and throwing herself upon the track, folded her arms and shut her eyes. She would have been ground to pieces in another instant, but for the timely rescue by her chum, Bess Hurd, who was at her side in a moment and jerked her in the clear.

Fronie struggled desperately to release herself from Bess's grasp and throw herself under the wheels of the passing train, but Bess retained a bull-dog grip upon her companion until the last car of the train had rolled by. The two were last seen leisurely strolling down the railroad cut in the direction of Thirteenth street.

Four white women who were returning from a First Christian church section meeting, saw the colored girl throw herself upon the track, only to be pulled off by another colored girl a moment later. Henry Richardson and Arthur Tinsley, colored employees of the New York Ice Cream Company, say they also witnessed the attempted suicide. Richardson said that Fronie came into the restaurant in a drunken condition and boasted that she was going to murder her lover, Flynn Brown, who deumped just after cutting Louis Hancock some weeks ago, and has remained away ever since. Fronie at the time tried to accompany Brown, but they boarded different trains, and after spending a few days at Fronie's returned to Portsmouth. She was just repeating her threat when she heard the N. & W. freight train coming. She fairly flew out the door and straightway to the track.

Fronie was released from police custody only Thursday morning, after having spent several days in the city prison. She was last arrested for some trouble she had with John Bush, a negro laborer, who accused her of grabbing fifty cents out of his hand.

## High Officials Of Maccabees To Attend Local Lodge Homecoming

Monday evening, March 13, will be a gala day for the local Tent, Knights of the Maccabees. On this night the local tent will celebrate its first annual Homecoming.

Great Commander Ed L. Young, of Norfolk, and State Deputy R. S. Cox, of Columbus, will be present.

The two state officers will be the principal speakers at a sumptuous feast, which will be served in the main lodge rooms after the ceremonies of initiation are conferred upon a large class of candidates.

Over 500 invitations have been mailed to members of the local tent by R. S. Cox, who will have charge of the festivities. Cox is an old Portsmouth boy and was employed by the Selby Shoe company for 13 years.

## TRAIN DERAILED; 83 PASSENGERS WERE IN DANGER

Altoona, Pa., March 10.—Of the 83 passengers on board the Manhattan limited, one of the Pennsylvania railroad's fast New York-Chicago trains, which was wrecked last night near Port Royal, fifty miles west of Harrisburg, only three were injured and they were able to continue their journey after treatment at a temporary hospital. S. P. Shope, a fireman, was killed and Thomas P. Trout, an engineer, was badly hurt.

The limited train crashed into a freight wreck and the entire train was derailed, the engine going over an embankment carrying the engineer and fireman with it. The passenger train was made up exclusively of sleeping cars all of steel construction.

Horseshoers' Union will be organized. The meeting is called for seven o'clock. The blacksmiths recently formed a union.

## FEDERATION IS MEETING

Cincinnati, Ohio, March 10.—Delegates representing about thirty cities, were present when the first annual convention of the National Baseball Federation opened here today for a two days session.

The Federation was formed in Louisville, Ky., on February 12 last following a rupture in relations of delegates attending a meeting of the national amateur baseball association of America. The chief business to be transacted by the federation here will be the drawing up and adoption of a constitution and by-laws, officers already having been chosen at the meeting in Louisville.

Mr. Lordier has lately been employed at John Emmert's place at Fourteenth and Findlay streets, while Mr. Ward has been working for Tad Cropper for the past two years. Mr. Cooper has returned to his former occupation as a molder at the Ohio stove foundry.

## PORTUGAL THIRTEENTH COUNTRY TO ENTER EUROPEAN STRUGGLE

New York, N. Y., March 10.—The rupture between Germany and Portugal was brought about by the act of Portugal in requisitioning German merchantmen which had been intended in her ports. Following the seizure of these vessels Germany addressed an ultimatum to Portugal demanding return of the ships. So far as is known this ultimatum was ignored.

Early in the war there was fighting between German and Portuguese troops in the Portuguese colony of Angola.

Portugal is the thirteenth nation to enter the war. Her regular army consists of 30,000 men with 23,000 reserves. She is credited with a total available strength of about 50,000 men. Her navy is comparatively negligible consisting principally of five second-class cruisers and some gunboats and smaller craft.

# ACTION WANTED IN MATTER OF REPAIRING THE RESERVOIR

Believing that the time has arrived for immediate action towards relieving an emergency, by restoring the city reservoir, a joint conference between city officials and the water work advisory committee was held Thursday afternoon to devise means and ways for getting an earlier start than at first contemplated.

While asserting that they were not alarmists the members of the committee took the stand that the general public did not realize fully

to what extent the city is at the mercy of minor accidents until present conditions are corrected and the opinion was expressed that even members of city council were really not acquainted with the dangers as they actually exist.

As one put it it is no longer a question as to who was responsible for the conditions but instead one of future responsibility in safeguarding the community against any still worse disaster if the res-

ervoir is not properly restored. To that end the committee felt it was up to the city to see to it that it gets exactly what it contracts for.

An early start was urged by all present and to impress upon city council the absolute necessity for haste it was agreed to have as many of its members as possible to visit the reservoir site Sunday in company with some of the committee and City Engineer Samuel Harper.

The entire committee will also

visit the pumping station on Monday and council members will be invited to accompany them. It is also planned to hold an informal meeting between the committee, board of control and council Tuesday evening when the situation will be thoroughly discussed.

City Engineer Samuel Harper was directed to meanwhile continue work on his plans for restoring the reservoir and it is hoped to have the work actually under way within the next several weeks.
